APPROVAL OF MINUTES

Committee-of-the-Whole and Council meeting minutes of September 3, 2013.

SECOND READING ORDINANCES

1. Council Bill/General Ordinance 3022-2013

An Ordinance amending Chapter 11, "FIRE PREVENTION AND PROTECTION," of the Moline Code of Ordinances, Sec. 11-2116, "SAME FEES," by repealing subsections a(1), a(2), and a(3) in their entirety and enacting in lieu thereof three new subsections a(1), a(2), and a(3) relating to the same subject matter.

EXPLANATION: The Committee-of-the-Whole reviewed the City's ambulance user fees on August 27, 2013. At that time, staff recommended increasing the ambulance fees to help defray the cost of providing the service as follows:

Base rate for basic life support fee from \$660.00 to \$690.00

Base rate for advanced life support-1 from \$660.00 to \$875.00

Base rate for advanced life support-2 from \$770.00 to \$1,165.00

Transport fee from \$11.00 per mile to \$17.50 per mile

Medical assessment & treatment without transport from \$110.00 plus supplies to \$290.00 plus supplies

The following fee will remain the same: Supplies charge is actual cost plus 10% restocking fee.

FISCAL IMPACT: Estimated \$200,000.00 to the General Fund

PUBLIC NOTICE/RECORDING REQUIRED: Publication of Ordinance

2. Council Bill/General Ordinance 3023-2013

An Ordinance amending Chapter 31, "TAXATION," of the Moline Code of Ordinances, Sec. 31-1101, "HOTEL-MOTEL USE TAX," by repealing subsection (a) in its entirety and enacting in lieu thereof one new subsection (a) relating to the same subject matter; Sec. 31-1102, "HOTEL-MOTEL OPERATOR'S OCCUPATION TAX," by repealing Section 31-1102 in its entirety.

EXPLANATION: The City levies a 5 percent occupation tax on all overnight hotel or motel stays, and the funds are placed into the tourism fund and restricted for that purpose. The City also levies a 2 percent use tax on all overnight hotel or motel stays, and these funds are placed into the general fund. This amendment would increase the use tax to 7 percent and eliminate the occupation tax. All the tax revenue collected would then be deposited into the general fund with none restricted to tourism, but would not preclude funds from being used for tourism related purposes.

FISCAL IMPACT: No increase in overall revenue; just a reallocation.

PUBLIC NOTICE/RECORDING REQUIRED: Publication of Ordinance

3. Council Bill/Special Ordinance 4037-2013

A Special Ordinance closing certain streets particularly described herein to vehicular traffic and the use of public right-of-way in conjunction with the Quad Cities Marathon & Races scheduled for Sunday, September 22, 2013.

EXPLANATION: This is a yearly event and has been approved by the Special Event Committee.

FISCAL IMPACT: N/A

PUBLIC NOTICE/RECORDING: N/A

4. Council Bill/Special Ordinance 4038-2013

A Special Ordinance suspending Section 23-2102(c)(7) of Chapter 23, "PARKS AND RECREATION," of the Moline Code of Ordinances, temporarily, as it relates to the sale, possession and consumption of alcohol; and authorizing the Mayor/Local Liquor Control Commissioner and the City Clerk to permit the sale, possession and consumption of alcohol on municipal property during the Fall Flemish Fest to be held at Stephens Park, Moline, Illinois, on September 15, 2013.

EXPLANATION: Section 23-2102(c)(7) of the Code of Ordinances prohibits any person from selling, possessing, or being under the influence of any intoxicating beverages within any park, playground or other area under the jurisdiction of the Park and Recreation Board, with the exception of the Green Valley Sports Complex. The Center for Belgian Culture has requested the City's permission to allow the sale, possession and consumption of beer at its Fall Flemish Fest scheduled for September 15, 2013 at Stephens Park from 1:00 to 4:00 p.m. Beer will only be allowed within a portion of the park as illustrated on the attached exhibit; restricted areas will be monitored and designated with signs and fencing or similar barriers. Approval of this ordinance will temporarily suspend the Code provision for the express purpose of allowing the sale, possession and consumption of beer at this event and permit the Mayor and City Clerk to work with the Center for Belgian Culture to ensure proper licensing and insurance for the event pursuant to Chapter 4 of the Code.

FISCAL IMPACT: N/A

PUBLIC NOTICE/RECORDING: NA

RESOLUTIONS

5. Council Bill/Resolution 1139-2013

A Resolution authorizing a change in the City's contribution to the Quad City Convention and Visitors Bureau.

EXPLANATION: The Quad Cities Convention and Visitors Bureau currently receives 25% of the 5% Hotel-Motel Operator's Occupation tax collected in the City of Moline. The City is eliminating the 5% Hotel-Motel Operator's Occupation Tax and is increasing the Hotel-Motel Use Tax to 7%. Effective January 1, 2014, the Quad Cities Convention and Visitors Bureau will receive 17.857% of the 7% Hotel-Motel Use Tax collected in the City of Moline.

FISCAL IMPACT: No change. Funding contribution will remain the same.

PUBLIC NOTICE/RECORD: N/A

6. Council Bill/Resolution 1140-2013

A Resolution considering all Rules and Regulations adopted by the Board of Fire and Police Commissioners (Board) concerning “Chapter I – Administration,” and “Chapter II – Applications for Original Appointment – Police,” and “Chapter III – Examinations for Original Appointment – Police,” and “Chapter IV – Promotions – Police,” and approving same as an exercise of the City’s Home Rule Powers.

EXPLANATION: The Board of Fire and Police Commissioners (Board) approved changes to its Rules and Regulations at its August 27, 2013 meeting. Said changes bring the Board and the City in compliance with state statute and correct minor inaccuracies throughout the specified chapters of Rules and Regulations. Additional documentation is attached.

FISCAL IMPACT: N/A

PUBLIC NOTICE/RECORD: Newspaper Publication

7. Council Bill/Resolution 1141-2013

A Resolution authorizing the Mayor and City Clerk to execute a Licensing Agreement with Centurylink, Inc. to install fiber optic cable under 41st Street Right-of-Way.

EXPLANATION: Centurylink, Inc. wishes to install fiber-optic facilities under Right-of-Way. The fiber will run from the existing line on the east side of 41st Street, be bored under 41st Street Right of Way and then run to the new Genesis site at 41st Street. Please see the attachment for more details.

FISCAL IMPACT: \$560 application fee and \$30 annual fee to the City

PUBLIC NOTICE/RECORD: N/A

8. Council Bill/Resolution 1142-2013

A Resolution authorizing the Mayor and City Clerk to enter into a five-year agreement with RK Dixon for Managed Print Services.

EXPLANATION: Managed Print is a relatively new trend in the IT industry that provides centralized printer and copier administration to organizations. The proposed agreement with RK Dixon would be for five years, would combine service and consumables for most copiers and network printers into one contract.

FISCAL IMPACT: Initial expenditure of \$119,857.69 for new copiers and printers from IT reserves, which will be recouped via charge-backs and will eliminate charge backs for replacement costs for five years resulting in a neutral fiscal impact for equipment procurement; elimination of the cost of consumables from all other department budgets. Overall savings of \$1,300 per month; for a total of over \$76,000 during term of five year agreement for print-related costs.

PUBLIC NOTICE/RECORDING: N/A

9. Council Bill/Resolution 1143-2013

A Resolution directing City staff to install sidewalks at the intersection of Third Street and the south side of 23rd Avenue, Moline, using Sidewalk Replacement funds.

EXPLANATION: Alderman Knaack has informed City staff that the intersection of 3rd Street and the south side of 23rd Avenue, Moline, is in need of sidewalks as sidewalks have never been installed at that location. This resolution will authorize staff to install the sidewalks during street construction currently in progress.

FISCAL IMPACT: N/A

SECOND READING ORDINANCES

10. Council Bill/General Ordinance 3034-2012

An Ordinance approving the Tax Increment Redevelopment Plan and Project for the SouthPark Mall Redevelopment Project Area.

EXPLANATION: The creation of Moline’s eighth Tax Increment Finance (TIF) district is being considered in order to assist the development of the SouthPark Mall Redevelopment Project Area. The Joint Review Board (JRB) met September 25, 2012. The JRB reviewed the eligibility study and redevelopment plan and concluded that the area is blighted and can be considered for TIF designation. The JRB’s recommendation to City Council passed unanimously.

FISCAL IMPACT: The City shall enter into separate performance based development agreements with private developers. Available funds shall primarily be used to reimburse private developers for eligible redevelopment costs allowed under the Act (65 ILCS 5/11-74.4-3) as well as eligible administration and public improvements. Postponement is requested in order to allow for IDOT to undertake its study of the proposed new intersection of SouthPark Mall

11. Council Bill/General Ordinance 3035-2012

An Ordinance designating the SouthPark Mall Redevelopment Project Area.

EXPLANATION: One of the responsibilities of City Council with regard to creating a TIF district is to designate the proposed area as the redevelopment project area. The Joint Review Board (JRB) met September 25, 2012. The JRB reviewed the eligibility study and redevelopment plan and concluded that the area is blighted and can be considered for TIF designation. The JRB’s recommendation to City Council passed unanimously.

FISCAL IMPACT: The City shall enter into separate performance based development agreements with private developers. Available funds shall primarily be used to reimburse private developers for eligible redevelopment costs allowed under the Act (65 ILCS 5/11-74.4-3) as well as eligible administration and public improvements. 12. Council Bill/General Ordinance 3036-2012

An Ordinance adopting Tax Increment Financing for the SouthPark Mall Redevelopment Project Area.

EXPLANATION: The final action by City Council is to adopt tax increment financing for the redevelopment project area. The Joint Review Board (JRB) met September 25, 2012. The JRB reviewed the eligibility study and redevelopment plan and concluded that the area is blighted and can be considered for TIF designation. The JRB’s recommendation to City Council passed unanimously.

FISCAL IMPACT: The City shall enter into separate performance based development agreements with private developers. Available funds shall primarily be used to reimburse private developers for eligible redevelopment costs allowed under the Act (65 ILCS 5/11-74.4-3) as well as eligible administration and public improvements.

FIRST READING ORDINANCES

14. Council Bill/General Ordinance 3024-2013

An Ordinance amending Chapter 26, "POLICE" of the Moline Code of Ordinances, Section 26-2303, "PHYSICAL EXAMINATIONS," by repealing said section in its entirety and enacting in lieu thereof one new Section 26-2303, "PHYSICAL EXAMINATIONS," dealing with the same subject matter.

EXPLANATION: At its meeting on August 27, 2013, the Board of Fire and Police Commissioners approved changes to its Rules and Regulations that included eliminating the medical examination requirement for promotions within the police department. This amendment brings the Moline Code of Ordinances in line with the Board's Rules and Regulations.

FISCAL IMPACT: N/A

Members of the public are permitted to speak after first stating their name and address.

EXECUTIVE SESSION

AN ORDINANCE

AMENDING Chapter 11, "FIRE PREVENTION AND PROTECTION," of the Moline Code of Ordinances, Sec. 11-2116, "SAME FEES," by repealing subsections a(1), a(2), and a(3) in their entirety and enacting in lieu thereof three new subsections a(1), a(2), and a(3) relating to the same subject matter.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1. That Chapter 11, FIRE PREVENTION AND PROTECTION," of the Moline Code of Ordinances, Section 11-2116, "SAME FEES," is hereby amended by repealing subsections a(1), a(2), and a(3) in their entirety and enacting in lieu thereof three new subsections a(1), a(2), and a(3) relating to the same subject matter, which shall read as follows:

SEC. 11-2116. SAME – FEES.

(a) The fee schedule for said emergency service shall be as follows:

(1) Base Rate for Basic Life Support fee is six hundred ninety dollars (\$690.00) for calls that are not life threatening.

Base Rate for Advanced Life Support-1 fee is eight hundred seventy-five dollars (\$875.00) for calls that are life threatening.

Base Rate for Advanced Life Support-2 fee is one thousand one hundred sixty-five dollars (\$1,165.00) for calls that are life threatening.

(2) Mileage fee of seventeen dollars and .50 cents (\$17.50) per mile plus actual cost of supplies and a ten percent (10%) restocking fee.

(3) Fees for medical assessment and treatment without transport.

Users shall be assessed a two hundred ninety dollar (\$290.00) base fee for Basic Life Support and Advanced Life Support services. An additional actual cost for supplies and a 10% restocking fee will also be assessed."

A SPECIAL ORDINANCE

CLOSING certain streets more particularly described herein to vehicular traffic; and
AUTHORIZING the use of public right-of-way in conjunction with the Quad Cities
Marathon & Races scheduled for Sunday, September 22, 2013.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1 – That this Council hereby authorizes and directs the Mayor, Director of Public Works and Police Chief to erect barricades and post temporary signs, if necessary for the purpose of closing the following designated roadways to vehicular traffic during the specified times mentioned herein:

The following road closures will be required:

From Saturday, September 21, 2013, 7:00 p.m. until 3:00 p.m. Sunday, September 22, 2013
All lanes of River Drive from the easternmost side of 12th Street
to the westernmost side of 15th Street

Sunday, September 22, 2013, 5:00 a.m. to 9:00 a.m.
All lanes of River Drive from the easternmost side of 12th Street
to the westernmost side of 34st Street

From Sunday, September 22, 2013, 7:00 a.m. until 3:00 p.m. Sunday, September 22, 2013
West bound lane of River Drive, from the westernmost side of 34th Street to the easternmost
side of 55th Street
North bound lane of 55th Street, from the northernmost side of River Drive to Old River Drive
Northernmost westbound lane of Old River Drive from 55th Street to the northernmost side of
River Drive

Sunday, September 22, 2013, from 6:00 a.m. to 9:00 a.m.
Easternmost northbound lane of I-74 West Bridge

Sunday, September 22, 2013, from 7:00 a.m. to 8:00 a.m.
3rd Avenue exit ramp from I-74

It shall be an offense to use said roadways for vehicular purposes during the times herein specified.

Council Bill/Ordinance No.: 4037-2013

A SPECIAL ORDINANCE

SUSPENDING Section 23-2102(c)(7) of Chapter 23, "PARKS AND RECREATION," of the Moline Code of Ordinances, temporarily, as it relates to the sale, possession and consumption of alcohol; and

AUTHORIZING the Mayor/Local Liquor Control Commissioner and the City Clerk to permit the sale, possession and consumption of alcohol on municipal property during the Fall Flemish Fest to be held at Stephens Park, Moline, Illinois, on September 15, 2013.

WHEREAS, Section 23-2102(c)(7) of the Moline Code of Ordinances prohibits any person from selling, possessing, or being under the influence of any intoxicating beverages within any park, playground or other area under the jurisdiction of the Park and Recreation Board, with the exception of the Green Valley Sports Complex; and

WHEREAS, the Center for Belgian Culture, as sponsor of the Fall Flemish Fest (hereinafter "Event"), requests permission to allow beer sales and consumption at City-owned Stephens Park on September 15, 2013 during the Event; and

WHEREAS, the sale, possession and consumption of alcohol will be limited to beer only within a portion of the park as illustrated on the attached Exhibit "A;" restricted areas will be monitored and designated with signs and fencing or similar barriers; and

WHEREAS, the sale and consumption of alcohol is specifically limited to the Event duration of 1:00 p.m. to 4:00 p.m., and the possession of alcohol is specifically limited to the Event duration and periods of set up and tear down immediately before and after the Event; and

WHEREAS, the Center for Belgian Culture has worked with the Liquor Control Commissioner to ensure that proper licensing and insurance for the Event is in effect pursuant to Chapter 4, "ALCOHOLIC BEVERAGES," of the Moline Code of Ordinances.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1. That Section 23-2102(c)(7) of Chapter 23, "PARKS AND RECREATION," of the Moline Code of Ordinances, is hereby temporarily suspended insofar as it relates to the sale, possession and consumption of alcohol for the express purpose of allowing the sale, possession and consumption of beer on municipal property during the Flemish Fall Fest to be held at Stephens Park, Moline, Illinois, on September 15, 2013.

Section 2. That the Mayor, in his capacity as the Local Control Commissioner, and the City Clerk are hereby authorized to work with the Center for Belgian Culture to do all things necessary to permit the sale, possession and consumption of alcohol on municipal property during the aforementioned event.

Section 3. That this ordinance is an exercise of the City's home rule powers granted to it by virtue of Article VII, Section 6 of the 1970 Illinois Constitution, and shall therefore take precedence over any conflicting State statutes or rules.

Section 4. That this ordinance shall not constitute a repeal of any or all ordinances or resolutions in conflict herewith but shall be construed as a one-time variance with regard to such conflicting ordinances or resolutions.

Section 5. That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.

A RESOLUTION

AUTHORIZING a change in the City's contribution to the Quad City Convention and Visitors Bureau.

WHEREAS, the Quad Cities Convention and Visitors Bureau currently receives 25% of the 5% Hotel-Motel Operator's Occupation taxes collected in the City of Moline; and

WHEREAS, the City of Moline is eliminating the 5% Hotel-Motel Operator's Occupation Tax and increasing the Hotel-Motel Use Tax to 7%; and

WHEREAS, the City of Moline desires to maintain the same funding contribution to the Quad City Convention and Visitors Bureau.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Effective January 1, 2014, the Quad Cities Convention and Visitors Bureau will receive 17.857% of the 7% of the Hotel-Motel Use Tax collected in the City of Moline.

A RESOLUTION

CONSIDERING all Rules and Regulations adopted by the Board of Fire and Police Commissioners (Board) concerning “Chapter I – Administration,” and “Chapter II – Applications for Original Appointment – Police,” and “Chapter III – Examinations for Original Appointment – Police,” and “Chapter IV – Promotions – Police;” and

APPROVING same as an exercise of the City's Home Rule Powers.

WHEREAS, the Moline Code of Ordinances authorizes the Board of Fire and Police Commissioners to adopt rules and regulations; and

WHEREAS, the Board of Fire and Police Commissioners has proposed and adopted rules and regulations; and

WHEREAS, these rules and regulations pertain to the government and affairs of the City of Moline and are an integral aspect of the City's self-government under its home rule powers granted under the Illinois Constitution of 1970; and

WHEREAS, certain of these rules and aspects thereunder may conflict with state law, but this Council deems them appropriate as an exercise under its home rule powers and consistent with Section 2-4406 of the Moline Code of Ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

That the proposed “Chapter I – Administration,” and “Chapter II – Applications for Original Appointment – Police,” and “Chapter III – Examinations for Original Appointment – Police,” and “Chapter IV – Promotions – Police,” of the Rules of the Board of Fire and Police Commissioners of the City of Moline, Illinois, 2013 and any and all rules and regulations promulgated, proposed, adopted or approved by such Board on Exhibit A, attached hereto, are hereby considered, ratified, and approved, including any such rules that would otherwise violate, contradict or conflict with state statutes, and the City of Moline hereby exercises its Home Rule Powers under the Illinois Constitution to legislatively adopt and ratify such rules and regulations, notwithstanding the powers, duties, and procedures established by state law in the Board of Fire and Police Commissioners, and said board shall have the powers and duties authorized or established in state law or in said rules and regulations; provided, however, that where said rules and regulations conflict with state law, the powers established by said rules and regulations shall control.

Exhibit A

RULES OF THE BOARD OF FIRE AND POLICE COMMISSIONERS CITY OF MOLINE, ILLINOIS

As adopted by the Board of Fire and Police Commissioners of the City of Moline, Illinois, on April 19, 1993. Subsequent amendments listed following document.

CHAPTER I - ADMINISTRATION

Section 1. SOURCE OF AUTHORITY

The Board of Fire and Police Commissioners of the City of Moline derives its power and authority from Section 2-4400 of the Code of Ordinances, City of Moline, Illinois.

Section 2. DEFINITIONS

The word "commission" and/or "board" wherever used shall mean the Board of Fire and Police Commissioners of the City of Moline. The word "officer" shall mean any person holding a permanent office in the Police or Fire Departments of the City of Moline. The word "day" shall mean calendar day; except in disciplinary matters, the word "day" shall mean 8 hours of work within the Police Department and 10.83 hours of work within the Fire Department. The masculine noun or pronoun includes the feminine. The singular includes the plural, and the plural, the singular.

Section 3. OFFICERS OF THE BOARD AND THEIR DUTIES

The Board shall annually, on the first meeting in June, elect a chairman who shall hold office until the end of the fiscal year of the municipality and until a successor is duly elected and qualified. The chairman shall be the presiding officer at all meetings. The secretary shall keep the minutes of all meetings of the Board and shall be the custodian of all forms, papers, books, records, and completed examinations of the Board with the assistance of a recording secretary to be designated and provided by the City of Moline.

Section 4. MEETINGS

Regular meetings shall be held monthly as posted and shall be published and open. Special meetings shall be open, notice of which shall be forty-eight (48) hours prior to convening by the filing of a notice in writing in the City Clerk's office and any other notice as required by law. This notice shall set forth the time and place of such special meeting. No business shall be considered at such meeting unless by unanimous consent of the Board, except that business for which the meetings was called to consider. Special meetings may be called by any member with concurrence of any other member.

During any regular or special meeting, an executive session may be called for by any single member of the Board for the purpose of discussing matters designated

by the Open Meetings Act. Executive sessions may be limited to Board members and legal counsel and such invited persons as the Board may deem necessary.

Section 5. QUORUM

Two members of the Board shall constitute a quorum for the conduct of all business.

Section 6. ORDER OF BUSINESS.

The order of business at any meeting shall be (1) Approval of the Minutes of any prior meetings, (2) Communications, (3) Unfinished Business, (4) New Business, (5) Adjournment.

Section 7. PROCEDURE

All meetings shall be informal. If deemed by the Commission to be appropriate to resolve a point of order, the parliamentary procedure prescribed in Robert's "Rules of Order" For Small Groups shall be followed.

Section 8. AMENDMENTS

Amendments to the rules of the Board may be made at any meeting of the Board. All amendments shall forthwith be printed for distribution and notice shall be given of the place or places where said rules may be obtained. Such notice shall be published in a newspaper of general circulation in the City of Moline. The notice shall specify the date, not less than ten days subsequent to the date of such publication, when rules or amended rules go into effect.

Section 9. ANNUAL REPORT AND BUDGET REQUEST

The Board shall submit an Annual Report of its activities as required by statute. The Board shall meet with the City Administrator at an appropriate time to determine budgetary requirements of the Board.

CHAPTER II - APPLICATIONS FOR ORIGINAL APPOINTMENT - POLICE

Section 1. RESIDENCE

Applicants for examination for appointment to the Police Department must be citizens of the United States and agree to live within the boundaries established by ordinance or applicable labor agreement within the time prescribed by ordinance.

Section 2. APPLICATION FORMS

Applications for positions shall be filed upon forms furnished by the Human Resources Office and applicants must comply with the requirements of said form in every respect. Applications must be filed with the Human Resources Office prior to taking an examination by a date established by the Commission and duly published.

The application shall include the following releases and/or documents, which must be executed by all applicants:

- (a) Physical agility test liability release.
- (b) Privacy waiver and credit check authority.
- (c) Compliance with rules.
- (d) Reference release.
- (e) Residency agreement.

The applicant shall furnish with the application a copy of the applicant's military service record and discharge papers (DD Form 214 long form).

A false statement knowingly made by a person in an application for examination, connivance in any false statement made in any certificate which may accompany such application or complicity in any fraud touching the same, shall be regarded as good cause for exclusion from the examination, and, if appointed, shall be regarded as good cause for discharge.

Section 3. DISQUALIFICATION

Always subject to all applicable state and federal non-discrimination laws, rules and regulations, the Chief may refuse to examine an applicant or, after examination, refuse to certify the applicant as eligible:

- (a) Who is found lacking in any of the established preliminary requirements for the service for which he or she applies.
- (b) Who is physically unable to perform the duties of the position to which he or she seeks appointment as to be determined by agility and/or physical tests or examinations.
- (c) Who has been convicted of a felony or who has been found by a court of law to be guilty of or has pled guilty to a felony.
- (d) Who has been dismissed from any public service for good cause.
- (e) Who has attempted to practice any deception or fraud in his or her application.
- (f) Who does not possess a high school education or its equivalent.
- (g) Who has received less than an honorable discharge from any branch

of the Armed Forces of the United States of America.

(h) Who has been convicted of Driving Under the Influence within five (5) years prior to the deadline to submit an application.

An individualized assessment may be conducted prior to a disqualification related to criminal conduct to ensure the exclusion is job related and consistent with business necessity. Any applicant disqualified under (c), (d), (g) and/or (h) of this Section shall have an opportunity to establish to the Board that he/she has been rehabilitated upon request as stated hereinbelow.

Any applicant shall be notified by the Human Resources Office on behalf of the Chief of such disqualification and, upon written request made by the applicant within five days after receipt of such notice, shall be given the opportunity to be heard for good cause in front of the Board. The Board shall require proof of rehabilitation by the applicant beyond a reasonable doubt in cases where (c) or (g) above is involved. In all other cases where (d) and/or (h) are involved, the applicant shall be required to prove rehabilitation by a preponderance of the evidence.

A list of disqualified applicants under this section shall be provided to the Board with an explanation as to why disqualification occurred immediately upon disqualification.

Always subject to all applicable state and federal non-discrimination laws, rules and regulations, only the Commission may refuse to examine an applicant or, after examination, refuse to certify the applicant as eligible:

- (i) Who uses or has used narcotics or intoxicating beverages to excess.
- (j) Who has been convicted of any misdemeanor involving moral turpitude, excluding a conviction of Driving Under the Influence within five years prior to the deadline to submit an application. (See Appendix A for list.)
- (k) Who may be found disqualified in personal qualifications or health or physical qualifications as determined by cursory testing.
- (l) Whose character and employment references are unsatisfactory.

An individualized assessment may be conducted prior to a disqualification related to criminal conduct to ensure the exclusion is job related and consistent with business necessity. Any applicant disqualified under (i), (j) and/or (l) of this Section shall have an opportunity to establish to the Board that he/she has been rehabilitated upon request as stated hereinbelow.

Any applicant shall be notified by the Board of such disqualification and, upon written request made by the applicant within five days after receipt of such notice, shall be given the opportunity to be heard for good cause. In all cases where (i), (j), or (l) is in question, the applicant shall be required to prove rehabilitation by a preponderance of the evidence.

Section 4. INCOMPLETE APPLICATIONS

If the application is returned incomplete, the applicant will be disqualified.

Section 5. PHYSICAL AND MEDICAL EXAMINATIONS

After an offer of employment is made, applicants for original appointment shall be required to submit to a physical and medical examination by a licensed physician of the City's choice, and a psychological examination performed by a licensed psychologist selected by the Board.

Applicants must have vision correctable to 20/20.

Section 6. AGE REQUIREMENTS

Applicants who are 20 years of age and who have successfully completed two (2) years of law enforcement studies at an accredited college or university shall be eligible to take the initial examination for Police Officer. Any such applicant under this provision of the Act shall not be appointed until he/she reaches 21 years of age. Other applicants for Police Officer not having such college education must be at least 21 years of age. All applicants must be under 35 years of age, except as otherwise provided below:

(a) If a person is placed on an eligibility list and becomes over-age before being appointed, the person remains eligible for appointment until the list is abolished.

- (b) The age limitation of under 35 years of age does not apply to:
1. Any person previously employed as a police officer in a regularly constituted police department of any municipality, regardless of whether the municipality is located in Illinois or in another state,
 2. Any person who has served as an auxiliary police officer under Section 3.1-30-20 of the Illinois Municipal Code for at least 5 years and is under 40 years of age,
 3. Any person who has served as a deputy under Section 3-6008 of the Illinois Counties Code and otherwise meets necessary training requirements,
 4. Any person who has served as a sworn officer as a member of the Illinois Department of State Police.

(c) A veteran shall be allowed to exceed the maximum age provision of this Section by the number of years served on active military duty, but by no more than 10 years of active military duty.

Proof of birth date will be required before appointment.

Section 7. NOTICE OF ACCEPTANCE

The Human Resources Office will notify all applicants whose applications have been accepted by the Board to be present for subsequent examinations.

CHAPTER III - EXAMINATIONS FOR ORIGINAL APPOINTMENT - POLICE

Section 1. TIME OF EXAMINATIONS

Examinations for original appointment to the Police Department shall be held once each year upon the dates fixed by the Board and advertised in the local paper in accordance with state law.

The Board reserves the right to schedule examinations for original appointment at such times as in the Board's opinion are needed.

Any annual examination or other scheduled examination may be postponed, however, by order of the Board, which order shall state the reason for such postponement and shall designate a new date for said examination. Applicants shall be notified of the postponement of any examination and of the new date fixed for said examination.

Section 2. NOTICE OF EXAMINATIONS.

A call for such examination shall be published by the Human Resources Office in accordance with the City's Equal Employment Opportunity Plan and shall include a statement of the following:

- (a) The time and place where the first phase of the examination will be held.
- (b) A statement of the nature and types of examination required.
- (c) A statement that applications will be accepted for at least a two (2) week period, which shall terminate at least three (3) days before the date set for the first phase of the examination.
- (d) A statement that an eligibility list shall be prepared and posted by the Board at City Hall and at the Police Department within sixty (60) days from completion of the last phase of the examination and shall be sent to each applicant participating in the last phase of the examination.
- (e) A statement that an eligibility list shall not be valid for a period greater than one (1) year, unless approved by the Board.

Section 3. TYPES OF EXAMINATIONS

There shall be three types of examinations: physical agility, written and oral. The subject matter of these examinations shall be such as will fairly test the capacity of the applicant to discharge the duties of the position to which the applicant seeks appointment.

Section 4. PHYSICAL AGILITY TEST

All applicants shall submit themselves to a bona fide, valid and job-related physical agility test in accordance with current Illinois Law Enforcement Training and Standards Board mandates. Each applicant must submit to the examiner at the time of the physical agility test a valid driver's license for the purpose of verifying the applicant's identity. Applicants reporting after the posted starting time will not be

allowed to participate.

Applicants shall be graded on the basis of pass or fail.

Section 5. WRITTEN EXAMINATIONS

Only applicants who have passed the physical agility test will be permitted to participate in the written examination. Each applicant must submit to the examiner at the time of the written examination a valid driver's license for the purpose of verifying the applicant's identity. Applicants reporting after the posted starting time will not be allowed to participate.

All eligible applicants shall submit themselves to a valid and job-related written examination as adopted by the Board.

The written examination shall be scored on the basis of 100% maximum score. Applicants not receiving a score of at least seventy percent (70%) on the written examination shall have failed. If the applicant has furnished proof of military service (DD Form 214 long form) with his/her application indicating at least one (1) year of active military service with honorable discharge, five (5) points will be applied to his/her passing written examination score to produce a total raw score.

Section 6. ORAL INTERVIEW

Only applicants with a score of at least seventy percent (70%) on the written examination will be eligible to participate in an oral interview.

The final Eligibility Register shall contain twenty-five (25) applicants, unless otherwise determined by the Board. The top twenty-five (25) applicants who have passed the written examination will be permitted to participate in the first round of oral interviews. If an Eligibility Register of twenty-five (25) applicants is not achieved after the first round of interviews, subsequent rounds of interviews may be conducted based on the written examination scores of the remaining eligible applicants until an Eligibility Register of twenty-five (25) is achieved. The number of applicants interviewed in subsequent rounds shall be at the discretion of the commissioners based upon the remaining available slots after each successive round on the Eligibility Register, but shall not exceed twenty-five (25) applicants per round.

The interview panel shall interview prospective candidates and shall be comprised of at least the following: at least two commissioners, the Chief of Police or the Chief's designee, a captain, a lieutenant and a representative from the City Human Resources Office. Individual panel members included must participate in all interviews for the particular position, except that a panelist will be excused if faced with an emergency situation that would create an undue hardship.

Questions shall be asked of the applicant that will enable the interview panel to evaluate and grade the applicant's ability to perform the core duties of the position. Each applicant shall be asked the same set of questions all of which shall comply with Equal Employment Opportunity Commission/Illinois Department of

Human Rights guidelines or rules.

Each member of the interview panel will then grade the candidate using 100% as the maximum score. The candidate's grade will be the average of the combined grades. Candidates not receiving a score of 70% shall fail, automatically eliminating such candidate from further consideration, and will be so notified.

Section 7. GRADING OF EXAMINATIONS

All grades are based on a maximum weighted grade of 100%, plus military credits where applicable.

<u>Examination</u>	<u>Grade</u>
Physical Agility Test	Pass or Fail
Written Examination	50% (weight) x (raw score / total available x 100)
Oral Interview	50% (weight) x (raw score / total available x 100)

Note: To those applicants having furnished proof of military service (DD Form 214 long form) indicating at least one (1) year of active military service with honorable discharge, five (5) points will be added to the passing written examination score.

Section 8. ELIGIBILITY REGISTER

The Commission will approve an "Eligibility Register" listing the applicants in order of excellence based on their final total score.

The Commission may approve the Eligibility Register after each round of oral interviews if necessary.

A dated copy of the Eligibility Register shall be sent to each person appearing thereon, and shall be posted at City Hall and the Police Department. This copy shall include the date of expiration of the register one (1) year hence.

Section 9. REFERENCE CHECKS

At the time of a vacancy, the top three (3) applicants from the Eligibility Register shall have a reference check, a credit history check, and a criminal history record check. The result of said checks shall be reviewed by the Board to determine if the applicants have a sound reputation, a satisfactory work record, a credit history with no pattern of avoiding just debts, and no criminal record involving felonies or misdemeanors of moral turpitude. The Board shall fill the vacancy by selecting the most qualified applicant from those applicants whose reference checks, credit history check and criminal history record checks are deemed satisfactory, in accordance with applicable federal and state law. The Board may disqualify an applicant on the basis of these checks.

Section 10. PROFESSIONAL EXAMINATIONS AND TESTS

Appointment from this Eligibility Register is subject to the applicant passing a

thorough medical examination, including a drug screen, by a licensed physician of the City's choice; appointment is further subject to the applicant passing, with a rating of "recommended" or better, a bonafide, valid and job-related psychological examination performed by a licensed psychologist of the City's choice, both of which are conducted after an offer of employment is made. If more than six (6) months have elapsed from the date of testing for physical agility, appointment is also subject to the applicant repassing the valid and job-related physical agility test administered pursuant to Section 4 of this Chapter.

Section 11. FINALITY

All results, documents, tests, grade sheets, and other examination pages shall be, and become, the property of the Board and the grading thereof by the Board shall be final and conclusive.

Section 12. PROBATIONARY APPOINTMENT

All vacancies to the Police Department shall be filled by the most qualified of the top three (3) candidates appearing on the Eligibility Register as determined by the background investigation and reference checks and in accordance with any Equal Employment Opportunity policy adopted by the City; provided, said candidate has met all requirements previously listed.

All original appointments to the Police Department shall be for a probationary period of a minimum of one year from the original date of appointment, in accordance with the applicable labor agreement. However, such probationary periods may be extended for all absences due to sickness, disability, or unpaid leaves or as otherwise prescribed in the applicable labor agreement.

Any candidate whose name appears on the Eligibility Register may decline appointment. The Board, unless good cause is shown, shall strike from the Register the name of such candidate.

Regular appointments shall be made by the Board after receiving the recommendation of the Chief. Such recommendation shall be forwarded to the Commission at least one month prior to the end of the employee's probationary period. The Chief shall provide the probationary officer notice of said recommendation within five (5) days after providing said recommendation to the Board. Said notice shall state whether the recommendation is to retain or dismiss the probationary officer and the reasons therefore. The Commission shall act on said recommendation prior to the end of the probationary officer's probationary period.

Section 13. PROBATIONARY DISCHARGE

The Chief may discharge probationary officers by providing the Board and the probationary officer a notice in writing setting forth the reasons therefore. The Board may approve or disapprove said discharge without hearing; however, if the reason for discharge involves the commission of a crime or any other reason which at common law gives rise to a property interest, the Board shall provide a hearing prior

to discharge. In no case shall a probationary officer's discharge be effective until the Chief and the probationary officer have received, in writing, from the Board, a notice that the Board has approved such discharge.

Section 14. CERTIFICATION

Final certification of probationary Police Officers shall be subject to successful completion of the Basic Training Course as provided by the Illinois Law Enforcement Training and Standards Board and certification as a law enforcement officer in the State of Illinois within the prescribed probationary period. Inability to complete this course successfully shall be grounds for dismissal.

CHAPTER IV - PROMOTIONS - POLICE

Section 1. GENERAL

The Board provides for promotion in the Police Department on the basis of those who possess the greatest potential qualities of leadership. Vacancies for Captain, Lieutenant and Sergeant shall be filled by the immediately lower rank. However, the rank of Captain shall have a minimum of four (4) candidates participating in the process from the immediate lower rank, or it will be opened to the rank of Sergeant.

When the promotional process fails to produce any eligible candidates for promotion, the Board shall extend the promotional process to all ranks before extending the process to members of the general public.

Promotion to Chief shall be as governed by ordinance.

Section 2. APPLICATIONS

Applications for promotional examinations shall be filed upon forms furnished by the Human Resources Office and applicants must comply with the requirements of said form in every respect. Applications must be filed with the Human Resources Office prior to taking any examination by the date established by the Commission and duly published. Officers desiring promotion to the rank of Sergeant must have a minimum of three (3) years of service to participate in the promotional process. Sergeants desiring promotion to the rank of Lieutenant (or Captain, if applicable) must have a minimum of five (5) years of service to participate in the promotional process. Lieutenants desiring promotion to the rank of Captain must have a minimum of five (5) years of service to participate in the promotional process.

Section 3. TYPES OF EXAMINATIONS

(a) Promotion to the Rank of Sergeant

Promotion to the rank of Sergeant will consist of a written examination, review panel and oral interview.

1. The written examination shall be a valid, job related examination as adopted by the Board. Applicants not receiving a score of at least seventy percent (70%) on the exam shall have failed.

2. The review panel will consist of all of the department captains and will review the applicant's personnel file, past three (3) evaluations and resume, if submitted. The review panel will review the applicant's abilities, accomplishments and potential.

3. Oral interviews will be the next phase of testing for those applicants receiving a score of seventy percent (70%) or more on the written examination. The interview panel that shall interview the candidates shall be comprised of at least two (2) commissioners, the Chief of Police or the Chief's designee and one (1) lieutenant

selected by the Chief of Police. A member of the Human Resources Office will also participate as a non-rating member and will act as moderator and coordinator.

4. The final promotional score will be determined as follows:

<u>Examination</u>	<u>Grade</u>
Written Examination	30% (weight) x (raw score / total available x 100)
Review Panel	35% (weight) x (raw score / total available x 100)
Oral Interview	30% (weight) x (raw score / total available x 100)
Seniority (raw score = 10 points for each year up to 10 years of service)	5% (weight) x (raw score / total available x 100)

(Raw score based on 100 maximum)

(b) Promotion to the Rank of Lieutenant

Promotion to the rank of Lieutenant will consist of a written examination, assessment center, review panel and oral interview.

1. The written examination shall be a valid, job related examination as adopted by the Board. Applicants not receiving a score of at least seventy percent (70%) on the exam shall have failed.

2. The assessment center may consist of at least three (3) and up to five (5) individuals trained in the assessment center technique to conduct the assessment center of the Lieutenant applicants. These individuals may be selected from area departments, other area emergency service agencies, other local agencies or community groups, or other providers of assessment centers. No more than one (1) assessor from any one department will participate in the assessment process.

3. The review panel will consist of all of the department captains and will review the applicant's personnel file, past five (5) evaluations and resume, if submitted. The review panel will review the applicant's abilities, accomplishments and potential.

4. The oral interview will be the next phase of testing for those applicants receiving a score of seventy (70%) or more on the written examination. The interview panel shall consist of at least two (2) commissioners, the Chief of Police and one (1) captain or command personnel of equivalent rank from an outside police agency selected by the Chief of Police. A member of the Human Resources Office will also participate in the interview process as a non-rating member and will act as moderator and coordinator.

5. The final promotional score will be determined as follows:

<u>Examination</u>	<u>Grade</u>
Written Examination	30% (weight) x (raw score / total available x 100)
Assessment Center	30% (weight) x (raw score / total available x 100)
Review Panel	30% (weight) x (raw score / total available x 100)
Oral Interview	10% (weight) x (raw score / total available x 100)

(Raw score based on 100 maximum)

(c) Promotion to the Rank of Captain.

Promotion to the rank of Captain will consist of an assessment center and oral interview.

1. The assessment center may consist of at least three (3) and up to five (5) individuals trained in the assessment center technique to conduct the assessment of the Captain applicants. These individuals may be selected from area departments, other area emergency service agencies, other local agencies or community groups, or other providers of assessment centers. No more than one (1) assessor from any one department will participate in the assessment process.

2. The oral interview is the next phase of testing. The interview panel shall consist of at least two (2) commissioners, the Chief of Police and two (2) police chiefs from outside the department, selected by the Chief of Police. A member of the Human Resources Office will also participate in the interview process as a non-rating member and will act as moderator and coordinator.

3. The final promotional score will be determined as follows:

<u>Examination</u>	<u>Grade</u>
Assessment Center	50% (weight) x (raw score / total available x 100)
Oral Interview	50% (weight) x (raw score / total available x 100)

(Raw score based on 100 maximum)

Section 4. ELIGIBILITY REGISTER

- (a) The Board will approve an Eligibility Register based upon the final weighted grade obtained by candidates. For the rank of Captain, testing will be conducted at the time a vacancy occurs.
- (b) The Eligibility Register shall certify those eligible in the order of excellence based upon their final weighted scores.

- (c) A dated copy of the Eligibility Register shall be sent to each person appearing thereon and posted. These copies shall include the date of expiration of the register two (2) years hence from the approval date.
- (d) Appointment from the register shall be as follows:

Vacancies in the ranks of Sergeant, Lieutenant and Captain shall be filled by the Board by selection from the top three (3) candidates on the applicable Eligibility Register. The appointee shall be selected from the top three (3) candidates at the discretion of the Board.
- (e) Any officer appointed from the Eligibility Register may refuse appointment one (1) time without changing the officer's position on the list; however, a second refusal shall result in striking the officer's name from the Register.
- (f) The Board may elect to provide for a new examination before a Register has expired by the passage of two (2) years.

Section 5. PROBATIONARY APPOINTMENT

All promotions shall be for a probationary period of six (6) months from the original date of promotion.

The Board shall make regular promotions after receiving the recommendation of the Chief of Police.

A RESOLUTION

AUTHORIZING the Mayor and City Clerk to execute a Licensing Agreement with Centurylink, Inc. to install fiber optic cable under 41st Street Right-of-Way.

WHEREAS, Centurylink, Inc. wishes to install fiber optic cable under 41st Street right-of-way; starting on the east side of the 2700 block of 41st Street and then running 50 feet to the west under 41st Street right-of-way; and

WHEREAS, the placement of the fiber optic cable under 41st Street right-of-way should not pose any hazards to motorists or pedestrians.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

That the Mayor and City Clerk are hereby authorized to execute, on behalf of the City of Moline, a Licensing Agreement with Centurylink, Inc. to install fiber optic cable under 41st Street right-of-way; starting on the east side of the 2700 block of 41st Street and then running 50 feet to the west under 41st Street right-of-way; provided said agreement is substantially similar in form and content to that attached hereto and incorporated herein by this reference thereto as Exhibit "A," and has been approved as to form by the City Attorney.

CITY OF MOLINE, ILLINOIS

Mayor

City Clerk

APPROVED AS TO FORM:

City Attorney

Exhibit "A"

LICENSEE: Centurylink, Inc. – 3908 Utica Ridge Dr., Bettendorf, IA 52772

LICENSING AGREEMENT

PARTIES: The LICENSOR is the City of Moline, Illinois, a municipal corporation, hereinafter called the CITY.

The LICENSEE is Centurylink, Inc., 3908 Utica Ridge Dr., Bettendorf, IA 52772, hereinafter called the LICENSEE.

PREMISES: Starting on the east side of the 2700 block of 41st Street and then running 50 feet to the west under 41st Street right-of-way; as depicted on the attached Exhibit "1" to this agreement.

USE: LICENSEE shall be allowed only to: Install fiber optic cable underground in the premises.

INTEREST ACQUIRED: LICENSEE acquires only the right to: Install fiber optic cable underground in the premises.

The Licensing Agreement is not assignable without prior written approval of the CITY and the LICENSEE shall give the CITY at least twenty-one (21) days notice in writing of the intention to assign. If assignment is made without notice and approval, the CITY, in addition to any remedies for breach hereof, may hold the LICENSEE responsible for all things to be done, fees to be paid and documents to be filed under the terms hereof. No possessory, possessory, leasehold, ownership, or other property right or interest, except as specifically given herein, is conveyed to or acquired by the LICENSEE and the CITY and LICENSEE specifically disclaim any such acquisition or conveyance.

TERM: The first term of this Licensing Agreement is from September 10, 2013 to December 31, 2013. Succeeding years shall be from January 1 to December 31 and shall be automatically renewed, subject to LICENSEE 'S submission of insurance certification and payment of fees. The CITY or the LICENSEE may terminate this Licensing Agreement by giving the other party 30 days written notice.

FEE: The applications fee is \$560. The annual usage charge is \$30.00.

CONDITIONS: LICENSEE shall indemnify and hold the CITY harmless from all acts in connection with use or misuse of the premises, and from any/all accidents on the premises. LICENSEE shall procure a policy of insurance also naming the CITY as additional insured to protect the CITY from all damages to person or property on the premises resulting from accidents on the premises. Said policy or certificate of same shall be deposited with the CITY and shall remain in force or be replaced with one in force prior to the effective date of any cancellation notice.

LICENSEE shall be the primary insured.

LICENSEE shall have the duty and responsibility to maintain the premises in a safe and neat condition, as determined by the CITY.

Upon termination of the Licensing Agreement, LICENSEE shall restore the premises to its condition prior to issuance of Licensing Agreement, or at City's sole and exclusive option, said property on the premises shall become the property of the CITY - at the CITY's option.

Construction on the premises shall be done under the direction of the CITY. The CITY and its authorized agents shall have the right to enter upon the premises for municipal purposes.

A RESOLUTION

AUTHORIZING the Mayor and City Clerk to enter into a five-year agreement for Managed Print Services with RK Dixon.

WHEREAS, Centralized printer and copier administration benefits any organization with an economy of scale, purchasing controls, and a single point of contact for maintenance; and

WHEREAS, A Managed Print Service (MPS) will provide the City with an accurate cost center for printing that improves the Internal Service Fund for Information Technology; and

WHEREAS, City staff published a Request for Qualifications in March, 2013; and

WHEREAS, A committee was formed to analyze the responses, interview vendors, and otherwise investigate the program to assure its benefit to the City; and

WHEREAS, RK Dixon was selected as the preferred vendor for the MPS program; and

WHEREAS, RK Dixon's proposal presents an opportunity for the City to save \$1,268 per month on print-related expenses over five years.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

That the Mayor and City Clerk are hereby authorized to enter into a five-year agreement for Managed Print Services with RK Dixon; provided, however, that said proposal is substantially similar in form and content to Exhibit "A", attached hereto and incorporated herein by this reference hereto, and has been approved as to form by the City Attorney.

APPROVED AS TO FORM:

City Attorney

- A. GENERAL TERMS AND CONDITIONS: RK Dixon hereinafter shall be called RKD. This shall become a binding contract when it has been accepted by RKD at its corporate office.
- B. WARRANTY: At any time within 30 days from the delivery hereunder of the equipment specified herein, RKD will make free of charge during ordinary business hours, all needed repairs thereto necessitated by accident or abuse, or by damage arising from acts of a third persons or any force of nature, provided that no repairs, alterations or additions have been made to such equipment except by RKD or its authorized representatives. After the first 30 days, and for the remainder of the manufacturer's warranty period, we will supply replacement parts for those parts found to be defective, plus the labor necessary to make such replacements. Customer acknowledges no other warranties, representations, promises or statement have been made by RKD. Equipment not purchased from RKD but included in this Agreement is excluded.
- C. MAINTENANCE SERVICE: RKD agrees to provide to Customer, during RKD's normal working hours, maintenance service necessary to keep equipment in, or restore equipment to, good working order. Maintenance will include lubrication, adjustment, replacement of maintenance parts deemed necessary by RKD. Maintenance parts will be furnished on an exchanged basis, and replaced parts become the property of RKD. Agreement does not assure uninterrupted operation of equipment. If available, maintenance service requested and performed outside RKD's normal working hours will be charged to Customer at RKD's applicable time and material rate. Customer acknowledges that no other warranties, representations, promises or statements have been made by RKD.
- D. EXCLUSIONS: Maintenance service provided by RKD under this Agreement does not include:
1. Repair of damage or increased service time caused by unsuitable environment.
 2. Repair of damage caused by accident, disaster, or abuse. Repair or modification of equipment by other than RKD authorized representative shall constitute abuse.
 3. Replacement parts which are consumed in normal equipment operation, unless specifically included.
 4. Installation of accessories, painting or refinishing, any services connected with relocation of equipment.
 5. Copier developer if Customer uses toner that is not approved by RKD.
 6. Repairs or cleaning caused by Customer's failure to comply with the recommendations of RKD's authorized representative.
 7. Routine installation of consumable, operator-replaceable items including, but not limited to Toner, Drum/Developer Cartridges and Maintenance Kits.
 8. Peripheral computer hardware including but not limited to CPU's, display/touch screens, keyboards, mice and cables.
 9. Software upgrade/support unless purchased separately.
 10. On-site software support.
 11. Repairs due to Customer installation of new operating system, print drivers, 3rd party software, hardware or malicious software.
 12. Repairs due to Customer's use of media outside of manufacturer's specifications.
 13. Computer or Network Connectivity issues.
 14. Removal of any Data/Images stored on the equipment (confidential or otherwise) for any reason.
- If the above services are provided by RKD, the Customer will be charged at the then applicable time and material charges.
- E. LACK OF PAYMENT: If Customer is past due greater than 30 days for any payment, including equipment, supplies, base or meter service charges, RKD may withhold service, maintenance, or supplies on the equipment. If any balances extend greater than 90 days old, RKD may assign said balances to a third party collection agency. Customer will be responsible for any cost of collection by a third party, in addition to the outstanding balances owed.
- F. LIMITATION OF LIABILITY: RKD shall not under any circumstances be liable for special or consequential damages, such as, but not limited to; damage or loss of other property or equipment, loss of profits or revenue, cost of capital, cost of purchase or replacement goods, or expense or inconvenience caused by service interruptions or any damage or loss of data caused by installation of computer software or computer equipment to their system. The remedies of the Customer set forth herein are exclusive, and the liability of RKD with respect to any contract, or anything done in connection therewith such as the performance or breach thereof, or from the manufacture, sale, delivery, resale installation or use of any goods covered by or furnished under this Agreement whether arising out of contract, negligence, strict tort liability or under any warranty, or otherwise, shall not, except as expressly provided herein, exceed the price of the goods upon which such liability is based.
- G. CHARGES: Customer agrees to pay the basic maintenance charge and meter charge for the equipment covered by this Agreement. Increases in the basic maintenance charge and meter charge, if necessary, will be put into effect only on the anniversary of Agreement. RKD reserves the right to issue, and Customer agrees to pay, an invoice based on estimated usage. When actual usage data is received, the next invoice will reflect the difference between the estimate and the actual. If Customer fails to provide meter reads for more than 2 consecutive billing periods, RKD will dispatch a representative to obtain meter reads and Customer will be charged a minimum of \$25 on the next contract invoice. A copy/print meter is defined as a single side of a document up to 8.5" x 11" standard
- H. ENGINEERING CHANGES: Engineering changes determined applicable by RKD will be controlled and installed by RKD on equipment covered by this agreement. Changes which provide additional capabilities to the equipment covered will be made at Customer's request at RKD's then-applicable time and material rate.
- I. EQUIPMENT TRANSFER: If equipment is moved outside RKD's normal servicing area, the equipment will be excluded from this Agreement.
- J. TERMS: Agreement shall cover the period indicated on the face of this agreement. Agreement may not be terminated prior to the termination date. Agreement will automatically renew for successive one year periods unless the Customer notifies RKD in writing. Notification must result no earlier than 90 days from the end of term of the contract and no later than 30 days before expiration. Termination of contract must be in WRITING, phone and invoice cancellations will NOT be accepted.
- K. TERMINATION: Contracts terminated by Customer are non-refundable. Customer may not terminate this agreement prior to termination date unless it has been authorized by RKD due to Customer upgrading to new equipment with RKD. If a contract is terminated by RKD the refund will be the basic maintenance charge paid to RKD, less the retail value of the services performed during the period covered by that charge, or the prorated value of the remaining contract term, whichever refund result is less.
- L. TONER: ~~The customer shall be responsible for ordering supplies, as needed, and maintaining an adequate inventory of consumable supplies. No more than three months average usage should be kept on hand at any one time. A meter read and serial number will be requested at time of order.~~ The customer agrees to use consumable supplies ordered hereunder only in connection with equipment subject to this Agreement. RKD shall review from time to time consumable supplies ordered by and shipped to the customer and the actual copy volume made on equipment covered by this Agreement. ~~RKD will calculate a variance based on manufacturer's recommended yield at 6% coverage. If the variance is greater than 20% RKD shall have the right to charge the customer an additional \$.0050 per copy or request that the customer purchase additional supplies to account for the variance caused by customer's unique applications. Customer agrees to pay RKD up to 3.5% of contract price for associated shipping and handling charges of supplies.~~
- Customer shall make available for RKD's pick-up of all unused consumable supplies provided by this Agreement promptly after expiration or termination of this Agreement. All supplies in Customer's possession belong to RKD and would be made available to RKD if this Agreement were cancelled for any reason including non-payment. If RKD chooses, RKD may ask Customer to return the empty toner cartridges to RKD. If any individual Agreement expires or is terminated, RKD shall be permitted to pick-up that quantity of unused consumable supplies which are in Customer's inventory for use in connection with the unit(s) of equipment subject to such expired or terminated Agreement. Such returned consumable supplies will NOT be credited to the Customer.
- M. ASSIGNMENT: ~~RKD may sell or assign this Agreement, in whole or part, to a third party without notice to the Customer. Customer agrees that if RKD sells or assigns an interest in this Agreement, the Assignee will have our rights, but will not have our obligations and will not be subject to any claim, defense or set off that could assert against us or any other party.~~
- M. TAX: Customers agrees to pay applicable Sales Tax.
- O. LATE PAYMENTS: RKD may at its discretion, assess late payment charges equal to 1.5% per month (18% annually), on any invoice balances that exceed the standard Net 30 day payment terms.

THIS AGREEMENT IS SUBJECT TO THE ABOVE TERMS AND CONDITIONS, ALL OF WHICH PERTAIN TO THIS AGREEMENT AND WHICH YOU ACKNOWLEDGE HAVING READ. THIS AGREEMENT IS NOT BINDING UNTIL ACCEPTED BY US AT OUR CORPORATE OFFICE. YOU CERTIFY ALL ACTIONS REQUIRED TO AUTHORIZE EXECUTION OF THIS AGREEMENT, INCLUDING YOUR AUTHORITY, HAVE BEEN FULFILLED.

Date

*Customer signature is acknowledgement and agreement to the 'Service Agreement Terms and Conditions' of this contract.

- G. **CHARGES:** The customer agrees to pay the basic maintenance charge and meter charge for the equipment covered by this agreement. Increases in the basic maintenance charge and meter charge, if necessary, will be put into effect only on the anniversary of the agreement start date. RKD reserves the right to issue, and the customer agrees to pay, an invoice based on estimated usage. When actual usage data is received, the next invoice will reflect the difference between the estimate and the actual. If Customer fails to provide meter reads for more than 2 consecutive billing periods, RKD will dispatch a representative to obtain meter reads and Customer will be charged a minimum of \$25 on the next invoice. A copy/print meter is defined as a single side of a document up to 8.5" x 11" standard letter size. Additional devices discovered on the customers network that are not part of this Agreement, may be added to the Agreement and included in the covered images allowance, if the device (s) require identical supplies used by other devices already on the contract, or we are requested to send supplies by the customer for those devices.
- H. **ENGINEERING CHANGES:** Engineering changes determined applicable by RKD will be controlled and installed by RKD on equipment covered by this agreement. Engineering changes which provide additional capabilities to the equipment covered will be made at the customer's request at RKD's then-applicable time and material rate.
- I. **TERMINATION:** Contracts terminated by the customer are non-refundable. Customer may not terminate this agreement prior to termination date unless it has been authorized by RKD due to customer upgrading to new equipment with RKD. If a contract is terminated by RKD the refund will be the basic maintenance charge paid to RKD, less the retail value of the services performed during the period covered by that charge, or the prorated value of the remaining contract term, whichever refund result is less.
- J. **TONER:** ~~If toner is indicated as included on Page 1, the customer shall be responsible for ordering supplies, as needed, and maintaining an adequate inventory of consumable supplies. No more than three months average usage should be kept on hand at any one time. A serial number will be requested at time of order.~~ The customer agrees to use consumable supplies ordered hereunder only in connection with equipment subject to this Agreement. ~~Per Image Charges are based on Supplier's estimated average page coverage, that being 6% page coverage for black and white images and 20% for color images. These percentages are based on 8 1/2" x 11" paper. RKD shall review from time to time consumable supplies ordered by and shipped to the customer and the actual copy volume made on equipment covered by this Agreement. RKD will calculate a variance based on manufacturer's recommended yield at 6% coverage. In addition, You agree that RKD may proportionately increase Your Per Image Charges at any time if the Supplier's estimated average page coverage is exceeded in any month during the term of this Agreement. You shall pay a periodic shipping and handling fee, as well as a fuel surcharge, with each payment. The fee and surcharge will be determined by Supplier at its discretion based on Supplier's determination of its estimated shipping and handling costs associated with shipping supplies and products, and its estimated excess fuel costs associated with providing services, which costs are roughly allocated based on relative equipment usage.~~ The customer shall make available for RKD pick-up of all unused consumable supplies promptly after expiration or termination of this Agreement. All supplies in the customer's possession belong to RKD and would be made available to RKD if this Agreement were cancelled for any reason including non-payment. If RKD chooses, RKD may ask the customer to return the empty toner cartridges to RKD. If any individual Agreement expires or is terminated, RKD shall be permitted to pick-up that quantity of unused consumable supplies which are in the customer's inventory for use in connection with the unit(s) of equipment subject to such expired or terminated Agreement. Such returned consumable supplies will not be credited to the customer.
- K. **UPGRADE/DOWNGRADE:** AFTER INCEPTION OF THE AGREEMENT AND UPON YOUR REQUEST, WE MAY REVIEW YOUR PAGE VOLUME AND PROPOSE OPTIONS FOR UPGRADING OR DOWNGRADING TO ACCOMMODATE YOUR NEEDS.
- L. **SUPPLY CREDIT:** If the customer's actual images are less than 95% of the minimum allowance for a quarter, RKD will offer a credit. This credit will be at the discretion of RKD based on the supplies contracted for, but not used by the customer. Credit will be capped at 20% variance from the minimum allowance.

A RESOLUTION

DIRECTING City staff to install sidewalks at the intersection of Third Street and the south side of 23rd Avenue, Moline, using Sidewalk Replacement funds.

WHEREAS, the intersection location of 3rd Street and the south side of 23rd Avenue, Moline, has never contained sidewalks; and

WHEREAS, this resolution will authorize the installation of sidewalks at this location to coincide with street construction currently in progress.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

That City staff is hereby directed and authorized to install sidewalks at the intersection of Third Street and the south side of 23rd Avenue, Moline, using Sidewalk Replacement funds.

Council Bill/General Ordinance No. 3034-2012

Sponsor: _____

AN ORDINANCE

APPROVING the Tax Increment Redevelopment Plan and Project for the SouthPark Mall Redevelopment Project Area.

WHEREAS, the City of Moline, Illinois desires to implement tax increment financing pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et. seq., as amended, hereinafter referred to as the "Act" for the proposed Redevelopment Plan and Redevelopment Project (Plan) within the municipal boundaries of the City of Moline and within the SouthPark Mall Redevelopment Project Area (Area) as described in Exhibit A attached to this Ordinance, which constitutes in the aggregate more than 1-1/2 acres; and

WHEREAS, the Plan was made available for public inspection at the City Clerk's office on August 24, 2012; and

WHEREAS, the City Council did on September 4, 2012 pass Resolution 1230-2012 setting October 23, 2012 as the date for the public hearing on the Plan, with the time and place of such hearing identified in said Resolution; and

WHEREAS, due notice in respect to the availability of the Plan, which contains an eligibility report, was given by mail on September 6, 2012 pursuant to Section 11-74.4-5 of the Act, said notice being given to all interested parties that have registered with the City concerning the proposed SouthPark Mall Redevelopment Project Area; and

WHEREAS, due notice in respect to the availability of the Plan, which contains an eligibility report, was given by mail on September 6, 2012 pursuant to Section 11-74.4-5 of the Act, said notice being given to all residential addresses that, after a good faith effort, the City determined are located within 750 feet of the boundaries of the SouthPark Mall Redevelopment Project Area; and

WHEREAS, pursuant to Section 11-74.4-5 of the Act, the City Council caused a public hearing to be held relative to the Redevelopment Plan and Redevelopment Project and the proposed designation of the SouthPark Mall Redevelopment Project Area on October 23, 2012 at the Moline City Hall; and

WHEREAS, due notice in respect to such hearing was given pursuant to Section 11-74.4-5 and 6 of the Act, said notice being given to taxing districts and to the State of Illinois by certified mail on September 5, 2012, by publication on October 3, 2012 and October 10, 2012, and by certified mail to property owners within the Area on October 10, 2012; and

WHEREAS, the Redevelopment Plan and Project set forth the factors constituting the need for abatement of conditions in the proposed redevelopment project area that have led to blight, and

the City Council has reviewed testimony concerning such need presented at the public hearing and has reviewed the eligibility report and is generally informed of the conditions in the SouthPark Mall Redevelopment Project Area as the terms “conservation area” are defined in the Act; and

WHEREAS, the City Council has reviewed the conditions pertaining to lack of private investment in the SouthPark Mall Redevelopment Project Area to determine whether private development would take place in the proposed Area as a whole without the adoption of the proposed Tax Increment Redevelopment Plan and Project for said Area; and

WHEREAS, the City Council has reviewed the conditions pertaining to real property in the SouthPark Mall Redevelopment Project Area to determine whether contiguous parcels of real property in said Project Area would be substantially benefited by the proposed redevelopment project improvements; and

WHEREAS, the City Council has reviewed its proposed Tax Increment Redevelopment Plan and Project and Comprehensive Plan for the development of the municipality as a whole to determine whether the proposed Redevelopment Plan and Project conforms to the Comprehensive Plan of the City.

NOW, THEREFORE, BE IT ORDAINED, BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1. That the City Council of the City of Moline hereby makes the following findings:

- a) The area constituting the SouthPark Mall Redevelopment Project Area in the City of Moline, Illinois is described in Exhibit A, attached hereto and made part of this Ordinance.
- b) There exist conditions that cause the area to be designated as a Redevelopment Project Area to be classified as a “conservation area” as defined in Section 11-74.4-3 of the Act.
- c) The SouthPark Mall Redevelopment Project Area on the whole, has not been subject to growth and development through investment by private enterprise and would not be reasonably anticipated to be developed without the adoption of the Redevelopment Plan.
- d) The Redevelopment Plan and Redevelopment Project for the SouthPark Mall Redevelopment Project Area conforms to the Comprehensive Plan for the development of the municipality as a whole.
- e) The parcels of real property in the proposed Redevelopment Project Area are contiguous and only those contiguous parcels of real property, which will be substantially benefited by the proposed redevelopment project, are included in the SouthPark Mall Redevelopment Project Area.

- f) The estimated date of the completion of the Redevelopment Project or retirement of obligations issued shall not be later than December 31 of the year in which the payment to the City Treasurer as provided in subsection (b) of Section 11-74.4-8 of the Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted.

Section 2. That the Tax Increment Redevelopment Plan and Project for the SouthPark Mall Redevelopment Project Area, which has the subject matter of the hearing held on October 23, 2012, is hereby adopted and approved. A copy of the aforementioned Redevelopment Plan and Project marked as Exhibit B is attached to and made a part of this Ordinance.

Section 3. That all ordinances and parts of ordinances in conflict with the provisions of this ordinance are repealed to the extent of such conflict.

Section 4. That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.

EXHIBIT A

TIF DESCRIPTION SOUTHPARK REDEVELOPMENT PROJECT AREA

Part of the southwest quarter and southeast quarter of Section 9, and part of the northwest quarter and northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows;

Beginning at a point on the north line of Ekhco 5th Addition which is 37 feet more or less west of the northeast corner of Lot 1 in said Ekhco 5th Addition;

Thence northerly, a distance of 287 feet more or less;

Thence westerly, a distance of 333 feet more or less to the intersection of the south right of way line of 47th Avenue and the west right of way line of 16th Street;

Thence northerly along said west right of way line, a distance of 1,201 feet more or less to the north line of Lot 3 in Town & Country Addition;

Thence westerly along said north line and said west right of way line, a distance of 9 feet more or less;

Thence northerly along said west right of way line, a distance of 251 feet more or less;

Thence easterly along said west right of way line, a distance of 3 feet more or less;

Thence northerly along said west right of way line, a distance of 235 feet more or less to the north line of Lot 1 in Town & Country Addition;

Thence westerly along said north line and said west right of way line, a distance of 5 feet more or less;

Thence northerly along said west right of way line, a distance of 100 feet more or less;

Thence northerly along said west right of way line, a distance of 157 feet more or less;

Thence northwesterly along said west right of way line, a distance of 65 feet more or less to the south right of way line of John Deere Road;

Thence northerly, a distance of 239 feet more or less to the north right of way line of John Deere Road;

Thence northeasterly along said north right of way line, a distance of 79 feet more or less to the west right of way line of 16th Street;

Thence easterly, a distance of 157 feet more or less to the intersection of the north right of way line of John Deere Road and the east right of way line of 16th Street;

Thence southeasterly along said north right of way line, a distance of 36 feet more or less;

Thence easterly along said north right of way line, a distance of 339 feet more or less;

Thence northerly along said north right of way line, a distance of 9 feet more or less;

Thence easterly along said north right of way line, a distance of 364 feet more or less;

Thence northerly along said north right of way line, a distance of 8 feet more or less;

Thence easterly along said north right of way line, a distance of 236 feet more or less;

Thence southerly along said north right of way line, a distance of 8 feet more or less;

Thence easterly along said north right of way line, a distance of 399 feet more or less;

Thence northerly along said north right of way line, a distance of 46 feet more or less;

Thence easterly along said north right of way line, a distance of 639 feet more or less to the west right of way line of 27th Street;

Thence easterly along said north right of way line, a distance of 93 feet more or less to the east right of way line of 27th Street;

Thence southeasterly, a distance of 515 feet more or less to the intersection of the south right of way line of John Deere Road and the east line of South Moline Township Tax Parcel No. 354-C;

Thence southerly along the east line of South Moline Township Tax Parcel No. 354-C and South Moline Township Tax Parcel No. 354, a distance of 441 feet more or less to the south line of South Moline Township Tax Parcel No. 354;

Thence westerly along said south line, a distance of 318 feet more or less to the east right of way line of 27th Street;

Thence southerly along said east right of way line, a distance of 135 feet more or less;

Thence westerly along said east right of way line, a distance of 17 feet more or less;

Thence southerly along said east right of way line, a distance of 385 feet more or less to the north right of way line of 46th Avenue;

Thence easterly along said north right of way line, a distance of 300 feet more or less to the northerly extension of the east line of South Moline Township Tax Parcel No. 360-1;

Thence southerly along said east line and its northerly extension, a distance of 325 feet more or less to the south line of South Moline Township Tax Parcel No. 360-1;

Thence westerly along said south line, a distance of 300 feet more or less to the east right of way line of 27th Street;

Thence southerly along said east right of way line, a distance of 801 feet more or less to the easterly extension of the north line of Ekhco 5th Addition;

Thence westerly along said north line and its easterly extension, a distance of 1,964 feet more or less to the Point of Beginning.

The above described parcel contains 119.227 acres, more or less excluding the following 3 exceptions.

Exception 1

Lots 1, 2 and 6 of SouthPark Mall Subdivision Second Addition, all of Nellis First Addition, and part of Lot 4 SouthPark Mall Subdivision First Addition, all located in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows:

Beginning at the at the southwest corner of Nellis First Addition;

Thence northerly along the east right of way line of 16th Street, a distance of 358 feet more or less;

Thence northerly along said east right of way line, a distance of 209 feet more or less;

Thence northeasterly along said east right of way line, a distance of 83 feet more or less to the south right of way line of John Deere Road;

Thence easterly along said south right of way line, a distance of 640 feet more or less;

Thence northerly along said south right of way line, a distance of 5 feet more or less;

Thence easterly along said south right of way line, a distance of 277 feet more or less;

Thence easterly along said south right of way line, a distance of 503 feet;

Thence southerly, a distance of 315 feet more or less to the easterly projection of the south line of Lots 1 and 2 in SouthPark Mall Subdivision Second Addition;

Thence westerly along said south line and its easterly projection, a distance of 1,259 feet more or less to the southwest corner of said Lot 1;

Thence westerly, a distance of 56 feet more or less to the northeast corner of Nellis First Addition;

Thence southerly along the east line of Nellis First Addition and the east line of Lot 6 in in SouthPark Mall Subdivision Second Addition, a distance of 329 feet more or less;

Thence southwesterly along the east line of said Lot 6, a distance of 32 feet more or less;

Thence westerly along the south line of said Lot 6, a distance of 46 feet more or less;

Thence westerly along said south line, a distance of 96 feet more or less to the west line of said Lot 6;

Thence northerly along said west line, a distance of 178 feet more or less to the south line of Nellis First Addition;

Thence westerly along said south line, a distance of 40 feet more or less to the Point of Beginning.

Exception 2

Part of Lot 4 in SouthPark Mall Subdivision First Addition, in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows:

Commencing at the northwest corner of Lot 5 in SouthPark Mall Subdivision Second Addition;

Thence northerly, a distance of 250 feet more or less to the Point of Beginning;

Thence northerly, a distance of 210 feet more or less;

Thence easterly, a distance of 155 feet more or less;

Thence southerly, a distance of 210 feet more or less;

Thence westerly, a distance of 153 feet more or less to the Point of Beginning.

Exception 3

All of Lot 5 in SouthPark Mall Subdivision Second Addition in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois.

SECTION I

INTRODUCTION

On February 8, 2011, the Moline City Council passed **Resolution 1026-2011** stating the City's intent to designate a portion of the City as a tax increment finance (TIF) Redevelopment Project Area and to induce development interest within such area (see **Attachment A** in the Appendix). The area being considered for designation as a TIF area generally includes the SouthPark Mall (Mall) and certain bordering properties on the perimeter along 16th Street and 27th Street. The area is referred to herein as the SouthPark Mall Redevelopment Project Area (the "Area"). The boundaries of the Area are as shown on **Exhibit A - Redevelopment Project Area Boundary** contained in the **Appendix as Appendix B - Map Exhibits**. Refer also to the **Boundary Description** contained in the **Appendix as Attachment C**.

The Area contains approximately 121 acres, including public rights-of-way. There are a total of seven (7) parcels of real property comprising approximately 90 acres, all but one of which have improvements thereon (e.g., buildings, parking areas, etc.). In fact, the building improvements alone (not counting site improvements such as parking areas, access roads, and drive aisles) total approximately 997,000 square feet of enclosed space). The only vacant parcel of approximately 2.5 acres is located across from the Mall on 27th street. Therefore, in terms of total acreage, 97.3% of the Area is improved property. The vacant parcel noted previously was actually improved until the improvements were demolished in about 2010. Today only a driveway and small parking area remain at the western edge of the parcel. It is considered vacant land, as this term is defined by the Illinois Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1 *et. seq.*, the "Act"). Much of the built environment in this Area suffers from obsolescence, physical deterioration, and excessive vacancy. More than half the buildings in the Area are 35 years old or older.

Not all properties have conditions that would qualify them individually under the definitions contained in the Act. However, the area as a whole meets the eligibility requirements of the Act. The conditions that qualify both improved and vacant land for tax increment financing are documented in Section III of this Plan.

The City may consider the use of tax increment financing, as well as other economic development resources as available, to facilitate private investment within the Area. It is the intent of the City to induce the investment of significant private capital in the Area, which will also induce spillover investment in neighboring areas. A housing impact study need not be performed since there are no residential units within the Area (per Section 11-74.4-3(n)(5) of the Act).

The Act sets forth the requirements and procedures for establishing a Redevelopment Project Area and a Redevelopment Plan. The following sections of this report present the findings of eligibility and the Redevelopment Plan and Project for the Area, as well as other findings, evidence and documentation required by the Act.

SECTION II

STATUTORY BASIS FOR TAX INCREMENT FINANCING AND SUMMARY OF FINDINGS

A. Introduction

Tax increment financing (TIF) is a local funding mechanism created by the "Tax Increment Allocation Redevelopment Act" (the "Act"). The Act is found at 65 ILCS 5/11-74.4-1 *et. seq.*

As used, herein, the term **Redevelopment Project** means any public and private development project in furtherance of the objectives of a Redevelopment Plan. The term **Redevelopment Project Area** means an area designated by the municipality, which is not less in the aggregate than 1-1/2 acres and in respect to which the municipality has made a finding that there exist conditions that cause the area to be classified as an industrial park conservation area, a blighted area or a conservation area, or a combination of both blighted areas and conservation areas. **Redevelopment Plan** means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions, the existence of which qualified the Redevelopment Project Area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the Redevelopment Project Area.

The concept behind the tax increment law is straightforward and allows a municipality to carry out redevelopment activities on a local basis. Redevelopment that occurs in a designated Redevelopment Project Area results in an increase in the equalized assessed valuation (EAV) of the property and, thus, generates increased real property tax revenues. This increase or "increment" can be used to finance "redevelopment project costs" such as land acquisition, site clearance, building rehabilitation, interest subsidy, construction of public infrastructure, and other redevelopment project costs as permitted by the Act.

The Illinois General Assembly made various findings in adopting the Act; among them were:

1. That there exists in many municipalities within the State blighted, conservation and industrial park conservation areas; and
2. That the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects are essential to the public interest and welfare.

These findings were made on the basis that the presence of blight, or conditions that lead to blight, is detrimental to the safety, health, welfare and morals of the public.

To ensure that the exercise of these powers is proper and in the public interest, the Act specifies certain requirements that must be met before a municipality can proceed with implementing a Redevelopment Plan. One of these requirements is that the municipality must demonstrate that a Redevelopment Project Area qualifies under the provisions of the Act. With the definitions set forth in the Act, a Redevelopment Project Area may qualify either as a blighted area, a conservation area, or a combination of both blighted area and conservation area, or an industrial park conservation area.

B. Summary of Findings

The following findings and evidentiary documentation is made with respect to the proposed Redevelopment Project Area:

1. The Area as a whole meets the statutory requirements as a *conservation area*. Furthermore, the factors necessary to make these findings exist to a meaningful extent and are distributed throughout the Area.
2. The Area exceeds the statutory minimum size of 1-1/2 acres.
3. The Area contains contiguous parcels of real property.
4. If this Plan is adopted and implemented by the City, it is reasonable to say that all properties included in the Area would benefit substantially from being included in the Area.
5. The Redevelopment Project Area, as a whole, has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to occur without public assistance. Further evidence of this is presented in Section III and throughout this document.

SECTION III

BASIS FOR ELIGIBILITY OF THE AREA AND FINDINGS

A. Introduction

A Redevelopment Project Area, according to the Act, is that area designated by a municipality in which the finding is made that there exist conditions that cause the area to be classified as a blighted area, conservation area, or combination thereof, or an industrial park conservation area. The criteria and the individual factors defining each of these categories of eligibility are defined in the Act.

This Section documents the relevant statutory requirements and how the subject area meets the eligibility criteria.

B. Statutory Qualifications

The Act defines the factors that must be present in order for an area to qualify for TIF. The following provides the statutory definitions of the qualifying factors relating to a blighted area and a conservation area:

1. Eligibility of a Blighted Area

The Act states that a "...**“blighted area”** means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:" *[Emphasis with bold text added.]*

- a. **“If improved**, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of five (5) or more of the following factors, each of which is (i) present, with that presence documented to a meaningful extent, so that a municipality may reasonably find that the factor is clearly present within the intent of the Act, and (ii) reasonably distributed throughout the improved part of the Redevelopment Project Area:" *[Emphasis with bold and underlined text added.]*

- (1) **“Dilapidation**. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings, or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.” *[Emphasis with underlined text added.]*

- (2) “Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use. *[Emphasis with underlined text added.]*”
- (3) “Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters, and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.” *[Emphasis with underlined text added.]*”
- (4) “Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.” *[Emphasis with underlined text added.]*”
- (5) “Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.” *[Emphasis with underlined text added.]*”
- (6) “Excessive vacancies. The presence of buildings that are unoccupied or underutilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.” *[Emphasis with underlined text added.]*”
- (7) “Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.” *[Emphasis with underlined text added.]*”
- (8) “Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii)

lacking within the redevelopment project area.” *[Emphasis with underlined text added.]*

- (9) “Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety, and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.” *[Emphasis with underlined text added.]*
- (10) “Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.” *[Emphasis with underlined text added.]*
- (11) “Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.” *[Emphasis with underlined text added.]*
- (12) “Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan, or that the plan was not followed at the time of the area’s development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.” *[Emphasis with underlined text added.]*

- (13) “The total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated, or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available, or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated.” *[Emphasis with underlined text added.]*
- b. **“If vacant,** the sound growth of the Redevelopment Project Area is impaired by a combination of two (2) or more of the following factors, each of which is (i) present, with that presence documented to a meaningful extent, so that a municipality may reasonably find that the factor is clearly present within the intent of the Act, and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:” *[Emphasis with bold text added.]*
- (1) “Obsolete platting of vacant land that results in parcels of limited or narrow size, or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys, or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way, or that omitted easements for public utilities.”
- (2) “Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.”
- (3) “Tax and special assessment delinquencies exist, or the property has been the subject of tax sales under the Property Tax Code within the last five (5) years.”
- (4) “Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.”
- (5) “The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the Redevelopment Project Area.”

- (6) “The total equalized assessed value of the proposed Redevelopment Project Area has declined for three (3) of the last five (5) calendar years prior to the year in which the Redevelopment Project Area is designated, or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available, or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years prior to the year in which the Redevelopment Project Area is designated.”
- c. **If vacant**, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented to a meaningful extent, so that a municipality may reasonably find that the factor is clearly present within the intent of the Act, and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:
- (1) The area consists of one or more unused quarries, mines, or strip mine ponds.
 - (2) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.
 - (3) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area, as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.
 - (4) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.
 - (5) Prior to the effective date of this amendatory Act of the 91st General Assembly, the area is not less than 50, nor more than 100 acres, and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within five (5) years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (a) of this subsection, the area has been designated as a town or Village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.
 - (6) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

2. Eligibility of a Conservation Area

The Act further states that a “... “conservation area” means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which **50% or more of the structures in the area have an age of 35 years or more**. Such an area is not yet a blighted area, but because of a combination of three (3) or more of the [13 factors applicable to the improved area] is detrimental to the public safety, health, morals or welfare, and such an area may become a blighted area.” *[Emphasis with bold and underlined text added. Bracketed text replaces “following factors” from the Act.]*

C. Investigation and Analysis of Blighting Factors

In determining whether or not the Area meets the eligibility requirements of the Act, research and field surveys were conducted by way of:

- Contacts with City of Moline officials knowledgeable of Area conditions and history.
- On-site field examination of conditions within the Area by experienced staff of PGAV along with the City’s building inspector. PGAV personnel are trained in techniques and procedures of documenting conditions of real property, streets, etc. and in determining eligibility of designated areas for tax increment financing.
- Use of definitions contained in the Act.
- Adherence to basic findings of need as established by the Illinois General Assembly in establishing tax increment financing, which became effective January 10, 1977.
- Examination of Rock Island County real property tax assessment records and mapping data.

To ensure that the exercise of these powers is proper and in the public interest, the Act specifies certain requirements that must be met before a municipality can proceed with implementing a redevelopment project. One of these is that the municipality must demonstrate that the Area qualifies. An analysis of the physical conditions and presence of blighting factors relating to the Area was commissioned by the City. The result and documentation of this effort are summarized below.

D. Analysis of Conditions in the Area

PGAV staff conducted field investigations to document existing conditions in the Area on April 4, 2012. One of the outcomes of this survey was an inventory of existing land uses in the Area, which are illustrated on **Exhibit B-1 - Existing Land Use** contained in the **Appendix as Attachment B - Map Exhibits**.

The following pages in this section of the Redevelopment Plan provide a summary of the conditions that existed in the Area at the time of a field review of all properties and buildings in the Area on the date noted above by senior members of the PGAV PLANNERS staff. During this field visit all properties were reviewed via exterior observation. In the case of the Mall, access was provided to the PGAV staff to all public areas, support areas, and the roof by Mall personnel. Various examples of current conditions were photographed resulting in more than 150 photos being taken with 110 of those being archived. The photos in **Attachment D** to this Redevelopment Plan provide a representative sample of the various conditions observed during this field review and a representative sample of the 110 archived photos. In making the determination of eligibility, it is not required that each and every property or building in the Area be blighted or otherwise qualify. Rather, it is the Area as a whole that must be determined to be eligible.

1. Findings on Improved Area

- a. Summary of Findings on Age of Structures: Age is a prerequisite factor in determining a Redevelopment Project Area's qualification as a "conservation area". As is clearly set forth in the Act, 50% or more of the structures in the Redevelopment Project Area must have an age of 35 years or greater in order to meet this criteria. As shown on **Exhibit B-2, Buildings and Year of Building Construction**, contained in the **Appendix as Attachment B - Map Exhibits**, the Area contains 13 buildings of which 7 (54%) are 35 years of age or older. The year the building was constructed was derived from Rock Island County Assessor records and the building count was derived based on permitting records associated with the Assessor data as follows:

- Built according to typical mall construction standards. Each of the five (5) department stores is a complete building constructed in 1973, or in the case of the JC Penney store, in 1978, or the Sears store, in 1990. The original mall area connecting the three (3) original department stores is counted as a single structure and was also constructed in 1973.

The portions of the mall constructed later (in 1978 connecting the JC Penney store and in 1990 connecting the Sears store) are counted as separate buildings.

- An additional separate building was added on the north side of the Younker's store in 1990.
- Three of the four buildings constructed on bordering parcels were constructed in 1977 or earlier.

Thus, more than 50% of the buildings exceed 35 years of age and, therefore, the age threshold is met for qualifying the Area as a conservation area.

- b. Summary of Findings on Deterioration: Deteriorating conditions were recorded on all of the 13 buildings in the Area. The field survey of the Area of exterior building conditions (and exterior and interior conditions in the case of the Mall) found structures with an array of defects in both interior and exterior building components. **Attachment D** in the **Appendix** provides photos of examples of the conditions found in the various buildings and properties. These photos were selected from the archive of 110 photos taken of the Mall, adjacent buildings, and various other properties and site improvements within the Area to be representative of the conditions. These examples include secondary structural components, including windows, doors, gutters, downspouts, masonry and other fascia materials, etc. These deteriorated building conditions were observed on buildings throughout the Area.

In the case of the Mall, which comprises 9 of the 13 buildings and approximately 974,000 square feet or 97.6% of the total gross building space in the Area, interior and exterior examples of deterioration are extensive and spread through the Mall buildings particularly in the buildings that connect the five (5) department stores. These conditions include:

- Significant deterioration of the roof over the mall space which is equal to about 42% of the total gross roof area of the mall space and the department stores combined. The Mall owner commissioned a roof evaluation by Davis Harris & Associates that was completed with a report submitted to the owner in May of 2012. This evaluation divided the roof of the Mall and the department stores into 31 sectors. It was determined that eight of these sectors comprising approximately 146,000 square feet will need total replacement. This is equal to approximately 35% of the total gross roof area of the mall space. In addition, the estimated cost of replacement for these roof areas is \$1,550,000.
- The roof deterioration has created water infiltration that has damaged ceilings and wall areas.
- Parapet wall pre-cast concrete fascia panels are shifting, spalling, and separating from the building face and, in some cases, are held together with steel straps and bolts to keep them from falling.
- Aged roof-mounted air conditioning units are failing. In some cases, these units have failed and been left in place but have had to be covered with tarps to prevent water from entering the buildings and the duct work.
- Structure settlement has created significant step cracking in exterior and interior walls and in one observed instance is in danger of separating from the wall at an upper corner.

- The mall area between the department stores has numerous instances of extensive cracking in the marble flooring.
- The entry canopy fabric on the north mall entrance has holes, is tearing, and prior repairs are failing.

Deteriorated building conditions are indicative of deferred maintenance and a lack of investment. The extent to which a structure and the associated site improvements are deteriorated is a measure of the property's stability and market value for its current use or potential reuse.

Deteriorated site improvements, which include parking lots, access drives and bridges, driveways, sidewalks, signs, light poles/fixtures and fences, are also found on all of the 7 improved parcels in the Area. Instances of note include:

- The vast parking areas surrounding the Mall are nearly all in deteriorated condition with significant pavement cracking, potholes, and fading pavement markings. A recent (May 2012) pavement report prepared for the Mall owner by Zimmer Consultants found 59% of the parking area pavement to be in poor to very poor or failed condition. An example shown in **Attachment D** indicates an extensive parking area in the southeast corner of the lot that is barricaded from the access drive due to its poor condition.
- Parking lot lighting fixtures are also in poor condition. The luminaires have clouded badly reducing the lighting output, some of them are leaning, and the light standards are in various stages of corrosion. Lighting fixtures both within and outside the Mall are old and inefficient. A recent lighting evaluation report conducted for the Mall owner (in April of 2012) indicates a total of 2,312 interior lighting fixtures and 302 exterior fixtures and recommends complete replacement of all fixtures.
- As noted previously, all Area properties demonstrate instances of deteriorated parking areas, sidewalks, curbing, and driveways. However, again, the sheer size of the Mall property magnifies these conditions. The examples in **Attachment D** show the types of deterioration that are prevalent. In addition, the Mall represents a unique situation in that all of its access points from surrounding streets are via bridges over the drainage channels that border the east and west sides of the property. There are five bridges that provide this access, and four of the five are failing (one was recently replaced). This is evident by the sinking pavement at the connecting points, severely deteriorated islands, and damaged guardrails. Engineering studies conducted for the Mall owner in 2011 have shown that these bridges need complete replacement.

- The four bordering buildings that are included in the Area have been vacant for extended periods of time and, as noted previously, are all showing signs of deterioration that is the result of disuse.
 - The two outparcel uses on the northeast corner of the Mall property where the building improvements were demolished, but floor pavement and parking pavement remain, represent “scars on the landscape” and contain debris.
- c. Summary of Findings on Obsolescence: An obsolete building or improvement that have become ill-suited for their original use. Thus, obsolescence is the condition or process of falling into disuse. In this instance, the initial discussion of this condition must be in the context of the current state of regional malls in general, and then the specifics related to SouthPark Mall.

Regional malls throughout the U.S. are suffering from obsolescence that relates to changes in retailing, consumer shopping patterns, and changing demographics within metropolitan area. In general, most U.S. metro areas have an excess of retail space compared to their growth rates, establishment of new housing units, and growth in household income. Prior to the recession that began in 2007; national and regional retailers were building and opening new stores at a rapid pace. However, in many instances the new stores were simply shifting the money around, i.e. the new stores were simply grabbing market share from existing retailers because population growth was not keeping pace with demand for retail goods. At the same time, the retailers that were expanding were not seeking mall locations but were building freestanding stores or locating in strip centers where lease costs and common area maintenance (CAM) charge are typically lower. At the same time, online retailing was growing and continues to grow. The impacts of the recession hampered household income particularly in metro areas with high unemployment. Further negative impact has been felt wherein some typical mall retailers (such as Sears, some of the national jewelers, and others) have suffered and are closing stores, or have disappeared altogether. As mall owners began losing tenants (and therefore property income) deferred maintenance grew.

This combination of events has meant that within any metro area that in the past might have had market demand to support retail space for more than one regional mall, today can support less. The overall result is that, in some metro areas with more than one regional mall, at least one has become obsolete just by virtue of its size, without consideration for other factors such as socio-economic changes within an area. It should be noted that this scenario has been well documented by various commercial real estate publications including those catering to the shopping center industry. Even mainstream news and business publications have documented these trends. As an example, a recent article (March 12, 2012) in *Crain's Chicago Business*, entitled “Middle of nowhere” discusses this situation in the Chicago metro area.

In the case of SouthPark Mall the scenarios discussed above that point to obsolescence are evident in nearly every respect. First of all, it is clear that the Mall is, in all likelihood, too big for the market. Data gathered by PGAV from ESRI via a “Business Analyst” report shows that between 2000 and 2010, population of the entire Metropolitan Statistical Area (MSA) population grew at an annual rate of only 0.1% or about 1% over the 10-year period. Data published by the Quad City Times in 2009 showed that of the principal cities in the MSA, Davenport’s growth outpaced all others by a significant margin. Within the MSA, households grew by 0.36% annually or a total of about 3.6% over the 10-year period, and housing units grew by 0.53% annually or a 10-year total of about 5.4%. Again Davenport bested all others on these factors as well. This demographic data helps to explain why the occupancy of North Park Mall in Davenport remains relatively high. On April 5, 2012, PGAV staff visited SouthPark Mall’s sister facility in Davenport and on all comparison levels (vacancy, tenant quality, building and site improvement conditions, etc.) this facility appeared reasonably healthy.

Other evidence of obsolescence of any commercial building (but especially a regional mall) is typically displayed in terms of the vacancy rate and quality of the tenants. All of the anchor department stores at SouthPark Mall are presently occupied with the original tenants. However the connecting mall space currently has 20% by unit count and 13% by square footage of its space completely vacant. A facility of this type would be considered healthy with a vacancy rate between 5% and 7%. Another 25.6% of the connecting mall space by unit count and 16.1% by square footage is comprised of what are termed “specialty leases”. These are short term leases, usually at lower rent, and usually involving non-traditional mall tenants, some of which do not generate sales tax revenues. A number of examples of these types of tenants are shown in **Attachment D**. In essence, this is space that can’t be leased to the types of tenants a shopper would find at a regional mall, or which would attract shoppers to the location, and thus this space would be vacant if not for the “deal” that is being made with the tenant. This situation often makes the financial viability of the property even more tenuous since existing tenants begin to demand lower lease rates and reduced CAM charges. Therefore, it becomes harder for the owner to cover the maintenance cost of the property and deferred maintenance continues to grow. Also of note is the fact that 4.4% of the existing space in the connecting mall by unit count and 4.6% by square footage is still occupied but the tenant is on a month-to-month lease basis with the previous lease having expired. Taken as a whole, this data demonstrates obsolescence in that 50.7% of the space by unit count and 33.8% by square footage is “at risk” in one of the categories described above. Lastly, it should be noted that one of the department store spaces is that occupied by Sears. This space of almost 106,000 square feet will be subject to the fate of Sears’ ability to reinvent itself as a retailer. Sears has already closed or has indicated intention to close more than 100 of its locations and recent published infor-

mation has indicated larger varying numbers. While the Mall owner has had no notice of the closure of this store, if this were to occur, a large space of this nature will be nearly impossible to fill.

In summary, the field review evidence, changing demographics and retailing conditions in the Quad Cities MSA, lack of investment in the Mall property and its excessive size has caused the Mall to become obsolete. Given these existing factors and the condition of the property, any scenario that halts the decline of this property will be very difficult and expensive to implement.

It should also be noted that the Area contains 4 other buildings that are on the perimeter of the Mall. The three buildings on the east along 27th street are vacant. These buildings have now become obsolete as well and their vacancy may, at least in part, be the result of the decline of the Mall. Each of these buildings, and a vacant bank building on 16th Street, were clearly designed and positioned on their respective sites for unique purposes. Their extended vacancy is also indicative of obsolescence.

- d. Summary of Findings Regarding Excessive Vacancies: Excessive vacancies were documented in 7 of the 13 buildings in the Area. The discussion above under Obsolescence documents the vacancy conditions. As noted previously, the 4 buildings on the perimeter of the building are completely vacant and have been so for an extended period of time. The vacancy of the connecting mall space at the Mall is excessive by retail development standards and when temporary (“specialty”) leases, expired leases, and the potential for the closure of Sears are accounted for, there is potential for vacancy rates to more than double the current rate at any time.

Exhibit C, Building Vacancies contained in the **Appendix as Attachment B – Map Exhibits**, shows the buildings that are fully and partially vacant. A walk through the mall and drive by the perimeter properties in the Area clearly indicate a distressed situation. In addition to the lost tax revenue this condition represents, vacant commercial buildings at highly visible locations and significant, widely-distributed vacancies with a regional mall create an image of economic distress that impedes reinvestment and discourages new occupancy.

- e. Summary of Findings Regarding Excessive Land Coverage and Overcrowding of Structures and Community Facilities: Only one of the perimeter properties on 27th Street truly represents a situation wherein the building and associated parking area covers nearly the entire site with little area devoted to landscaping. This property represents such a small percentage of the Area as to make this factor insignificant in terms of this eligibility analysis. However, it should be noted that by modern development standards the Mall is virtually a sea of buildings and asphalt with comparatively little green space to soften the atmosphere. Modern design of such facilities would pay much greater attention to these aspects of site design.

- f. Summary of Findings Regarding Declining or Lagging Rate of Growth of Total Equalized Assessed Valuation: This factor is applicable to vacant areas as well as improved areas. The total equalized assessed valuation (EAV) for the Area has not kept pace with the balance of the City for five (5) of the last five (5) calendar years. A comparison of EAV for the Area and the balance of the City is shown as **Exhibit D, Comparison of EAV Growth Rates (2006-2011)** below.

As clearly demonstrated in **Exhibit D**, the Area has consistently lagged behind the City in EAV growth over the last five years by a significant difference in each period. What had been increases in EAV (albeit small and still behind City increases) in the Area from 2006 to 2008 changed to a significant decline of 5.7% from 2008 to 2009. This decline accelerated by more than double from 2009-2010 or a decrease of nearly 13%. This is certainly the mark of an area in decline and more importantly suggests an accelerating condition that is common to a struggling commercial property.

Exhibit D

COMPARISON OF EAV GROWTH RATES (2006 - 2011)

SouthPark Mall Redevelopment Project Area
 City of Moline, Illinois

Assessment Year	EAV		Area Growth Rate Less Than Balance of City?
	Project Area ¹	Balance of City ²	
2006	\$ 22,163,921	\$ 756,812,338	
2007	\$ 22,418,131	\$ 822,605,245	
Annual Percent Change	1.1%	8.7%	YES
2008	\$ 22,679,750	\$ 846,364,911	
Annual Percent Change	1.2%	2.9%	YES
2009	\$ 21,379,213	\$ 860,220,571	
Annual Percent Change	-5.7%	1.6%	YES
2010	\$ 18,693,293	\$ 867,856,598	
Annual Percent Change	-12.6%	0.9%	YES
2011	\$ 18,693,293	\$ 871,585,173	
Annual Percent Change	0.0%	0.4%	YES

² Total EAV for the City less the EAV for the Project Area.

2. Findings on Vacant Land

There is one vacant parcel of real property which is insignificant in context of the 7 total parcels within the Area considering the size of the predominant parcels that comprise the Mall and the extent of improvements that exist on the all other parcels. This parcel is located along the eastern edge of the Area at 4553 27th Street (Parcel NO. 1716200009). Nonetheless, the following narrative summarizes the qualifying factors present that apply to vacant land, as contained in the definition of “blighted area” in the Act.

- a. Summary of Findings on Blighted Improved Area Immediately Prior to Becoming Vacant: This property appears to have an evolution of uses that may have begun as a gas station, was a used car lot, and most recently appears to have been a truck parking area. Google Earth and Bing Maps ground level photography from November of 2008 indicates the existence of three dilapidated buildings on the site along with highly deteriorated site improvements (primarily lighting standards and paving) with some trash and debris scattered around the site. PGAV field review of the Area in April of 2012 revealed that the blighted buildings have been removed and thus the property is now vacant. This parcel is of a very developable configuration and size and yet has had no improvement or investment, nor has there been significant investment in adjacent parcels. The desirability of this parcel may be negatively impacted by the decline of the Mall and nearby vacant buildings on 27th Street.
- b. Summary of Findings on Declining or Sub-Par EAV Growth: This factor is applicable to vacant land as well as improved land. The total equalized assessed valuation (EAV) for the Area has not kept pace with the balance of the City for all five (5) of the last five (5) calendar years. A comparison of EAV for the Area and the balance of the City are shown in **Exhibit D, Comparison of EAV Growth Rates (2006-2011)** on the previous page.

E. Summary of Eligibility Factors for the Area

The study found that the Area contains conditions that qualify it as a **conservation area**. The proportion of buildings that are 35 years old or older is 54%, which exceeds the statutory threshold of 50% (prerequisite for a “conservation area”). The developed (improved) portion of the Area contains a relatively high incidence of at least three qualifying factors, which causes the improved land to qualify as a conservation area. Qualifying factors are present to a meaningful extent and are distributed throughout the Area. This is supported by the preceding discussions in this Section of the Redevelopment Plan and further supported by photos of the Mall buildings and properties and the other buildings and properties located in the Area that can be found in **Attachment D** in the **Appendix**.

The following summarizes the existence of the most predominant blighting/conservation factors existing within the Area:

- **Age** - 54% of the buildings are over 35 years of age, thus exceeding the threshold for being considered a “conservation area.”
- **Deterioration** - 62% of the buildings and 86% of parcels with site improvements exhibit signs of deterioration as defined in the Act.
- **Obsolescence** - The level of vacancy and short term leases at the Mall are evidence of its obsolescence. The market rejection of significant portions of the connecting mall space is a recognized real estate measurement of obsolescence. As is the case with many regional malls around the U.S., the metropolitan market became overbuilt with retail development. This factor coupled with the changing trends in retailing relative to store sizes, locations, and the internet have made many properties such as SouthPark Mall to be too big. The vacant perimeter buildings in the Area represent similar indicators of obsolescence and an indicator that the struggling Mall will bring other adjoining properties down as well unless steps are taken to reinvent and reposition the Mall.
- **Excessive Vacancies** - Over 13% of the building space in the Mall is completely vacant and another 21% is occupied by second or third tier tenants on temporary (“specialty”) leases to or by tenants whose leases have expired and are on a month-to-month basis. Therefore, a total of 33.8% of the mall space is either entirely vacant or is occupied by non-traditional mall tenants or under non-traditional lease terms. The space in these latter two categories is “at risk” of becoming vacant at nearly any time. The 4 perimeter buildings in the Area are completely vacant.
- **Declining EAV** - The conditions summarized above help explain, in part, why the growth in the Area’s equalized assessed valuation has failed to keep pace with balance of the City for five (5) of the last five (5) years. In fact, the Area has declined in EAV, from 2006 to 2011, by nearly \$3.5 million. This factor applies to both improved and vacant land.

The study found that the Redevelopment Project Area contains conditions that qualify it as a conservation area, as this term is defined in the Act, and that these parcels will continue to exhibit blighted conditions or conditions that will likely lead to blight without a program of intervention to induce private and public investment in the Area. These findings were made considering the numerous qualifying factors that are present to a meaningful extent and distributed throughout the Area. The qualifying conditions that exist in the Redevelopment Project Area are detrimental to the Area as a whole and the long-term interests of the taxing districts. The various projects contemplated in this tax increment program will serve to reduce or eliminate the deficiencies that qualify the Area under the Act and enhance the tax base of all overlapping taxing authorities.

Therefore, it is concluded that public intervention is necessary because of the conditions documented herein and the lack of private investment in the Area. The City Council should review this analysis and, if satisfied with the findings contained herein, proceed with the adoption of these findings in conjunction with the adoption of the Redevelopment Plan and establishment of the Redevelopment Project Area.

SECTION IV

REDEVELOPMENT PLAN

A. Introduction

This section presents the Redevelopment Plan and Project for the SouthPark Mall Redevelopment Project Area. Pursuant to the Tax Increment Allocation Redevelopment Act, when the finding is made that an area qualifies as either a conservation, blighted, combination of conservation and blighted areas, or industrial park conservation area, a Redevelopment Plan must be prepared. A **Redevelopment Plan** is defined in the Act as "the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the Redevelopment Project Area as a 'blighted area' or 'conservation area' or combination thereof or 'industrial park conservation area', and thereby to enhance the tax bases of the taxing districts which extend into the Redevelopment Project Area".

B. General Land Uses to Apply

The proposed general land uses to apply to the Area is presented on **Exhibit E**, entitled **General Land Use Plan** contained in the **Appendix as Attachment B – Map Exhibits**. The General Land Use Plan proposes that the Area remain in commercial use. However, the type of commercial uses will vary and will, in all likelihood, be a mix of uses that will include retail, office, and service uses. At the present time, the Mall owners are developing concepts for rehabilitation of the Mall and the undeveloped land areas under their ownership. While PGAV has not conducted a market analysis in conjunction with this Redevelopment Plan, it is apparent based on national trends and the Quad Cities demographic trends discussed previously, that adding significant levels of retail space to the Area are probably not feasible. In fact, in some instances elsewhere in the U.S., enclosed regional malls such as this have been converted to open-air facilities in order to reduce the amount of retail space and to "re-invent" the property. Given the location of the Area, there may be opportunities for additional hotel and office development to occur. In addition, market conditions may ultimately dictate that certain limited instances of residential development or business park-type uses may be appropriate.

It should be noted that the commercial land use designation for the Area is in keeping with the City's Comprehensive Plan adopted November 13, 2001. The Comprehensive Plan divides the City into various planning districts. SouthPark Mall is part of the Rock Valley Planning District. The Future Land Use for this part of the City is depicted in map form in Chapter 10 of the Comprehensive Plan and shows commercial land uses for all properties within the Area. On page 10-54 of the Comprehensive Plan the Mall and surrounding area is discussed as follows:

In general, the intersection of 16th Street and John Deere Road acts as the center of this District. Unfortunately, development along the street south of this intersection has become dated, providing a marginal entry into one of the city's most important retail centers, SouthPark Mall. Immediate attention needs to be given to the streetscape of this area, as well as significant upgrades to the parking areas and building facades of adjoining properties. Likewise, the mall's back door, 27th Street, needs similar improvements in order to enhance the competitiveness and vitality of the mall and surround retail and office development.

Certainly, this commentary is reflected by some of the building conditions noted on perimeter properties in the Eligibility Analysis section of this Redevelopment Plan. Since the Comprehensive Plan was written, some of the structures on the Mall property at the northwest corner of 27th Street have been demolished and several of the structures along east side of 27th Street are now vacant. This clearly indicates the decline of the Area and further reinforces the concerns noted in the Comprehensive Plan.

An important goal of a TIF Redevelopment Plan is the promotion of an increasing and stable tax base, as well as the elimination of the blighting influences that caused an area to qualify in the first place. Repositioning and/or redevelopment a regional mall of the size of SouthPark is a major undertaking, both physically and financially. During the course of the Mall owner's evaluation of redevelopment alternatives, it will be important to consider other uses that may make "market sense". It is the intent of this Redevelopment Plan to make note of the fact that many potential land use scenarios may ultimately be appropriate for the Area. Some of those scenarios may involve introduction of residential or business park type uses to the Area, particularly along the 27th Street corridor. As such "commercial" land use as indicated on **Exhibit E, General Land Use Plan** contained in the **Appendix at Attachment B - Map Exhibits**, should be taken to include limited instances of these additional uses over the term in which this Redevelopment Plan may be in effect. If the evolution of redevelopment and/or rehabilitation of the Mall and encompassing Area ultimately include these other uses, it may be necessary for the City to amend the Comprehensive Plan to reflect the changes in market conditions affecting the Area.

While property owners or developer plans for the Mall and other properties within the Area are not known at this time, it is assumed that property assembly, selective building demolition and redevelopment will take place along with building rehabilitation. It is the objective of this Plan that redevelopment activity is accomplished in a well-planned manner to mitigate potential land use incompatibilities and make the most efficient use of public resources. Furthermore, all redevelopment projects shall be subject to the provisions of the City's ordinances and other applicable codes as may be in existence and may be amended from time-to-time.

C. Objectives

The objectives of the Redevelopment Plan are:

1. Reduce or eliminate those conditions that qualify the Area as eligible for tax increment financing by carrying out the Redevelopment Plan.
2. Prevent the recurrence of blighting conditions.
3. Enhance the real estate tax base for the City and all overlapping taxing districts through the implementation and completion of the activities identified herein.
4. Encourage and assist private investment, redevelopment and rehabilitation within the Area through the provision of financial assistance for redevelopment and rehabilitation as permitted by the Act.
5. Improve the overall environment of the Area including public safety and streetscapes as to encourage new investment, wherever possible, in a manner that is compatible with surrounding land uses.
6. Provide for safe and efficient traffic circulation within the Area.
7. Complete all public and private actions required in this Redevelopment Plan in an expeditious manner.

D. Program Policies to Accomplish Objectives

The City has determined that it is appropriate to provide limited financial incentives for private investment within the Area. It has been determined, through redevelopment strategies previously utilized by the City and communications between the Mall owners and the City, that tax increment financing constitutes a key component of leveraging private investment within the Area. The City will incorporate appropriate provisions in any redevelopment agreement between the City and private investors to assure that redevelopment projects achieve the objectives stated herein and accomplish the various redevelopment projects described below.

E. Redevelopment Projects

To achieve the Plan objectives and the overall project proposed in the Plan, a number of public and private activities will need to be undertaken, including a combination of private developments and public investment in infrastructure improvements. Improvements and activities necessary to implement the Plan may include the following:

1. Private Redevelopment Activities:

- a. *Rehabilitation of existing properties.* As noted in the City's Comprehensive Plan, the Area and the surrounding properties represent a critical economic asset to the City. Renovation and/or reinvention of the Mall will be the principal component of redevelopment activities. This activity will serve to underpin and stabilize the overall economic and physical health of the Area and the Rock Valley Planning District. Rehabilitation of existing properties may include adaptive reuse of existing vacant buildings, wherein buildings are renovated to accommodate a use other than what was originally located in the building.
- b. *Construction of private buildings as part of redevelopment projects within the Area.* In some cases, redevelopment might require demolition of buildings in the event that renovation is not feasible or to assemble property for redevelopment.

2. Public Redevelopment Activities:

Public improvements and support activities will be used to induce and complement private investment. These may include, but are not limited to, the following activities:

- a. *New access to John Deere Road.* The Mall owner has indicated that a new and more direct access to John Deere Road is critical to revitalization strategy for the property. The owner and the City are working with IDOT to determine if this is possible and, if so, this Plan specifically calls for TIF support to such a project that is necessary for and of direct benefit to the redevelopment project, even if the new access drive goes through property located outside of the redevelopment project area boundaries.
- b. *Streetscape improvements.* The Comprehensive Plan calls for streetscape enhancement along the 16th and 27th Street corridors. Repair and reconstruction of streets, bridges, replacement and new sidewalks, construction of new curb and gutters, and addressing other needs relative to existing improvements are proposed to help induce private investment.
- c. *Land assembly and site preparation.* In order to facilitate redevelopment it may be necessary for the City to assemble land or to assist in redevelopment by underwriting the cost of land assembly. Similarly, City participation in demolition of structures and other steps to prepare sites for development may be required in order to induce private investment.
- d. *Marketing of properties and promoting development opportunities.* The City will help to promote the opportunities available for investment in the Area.

- e. *Building Renovation Program.* As is noted in the documentation of conditions in the Area, there is considerable need for improvement of the Mall and other existing buildings in the Area. To that end, the City may financially assist in the private renovation of buildings.
- f. *Other programs of financial assistance, as may be provided by the City.* The Act defines eligible redevelopment project costs that are summarized in **Section F**. The City's involvement with revitalization and redevelopment activities may include all those authorized by the Act, as needed.

3. Land Assembly, Displacement Certificate & Relocation Assistance:

To achieve the objectives of the Plan, land assembly by the City and eventual conveyance to private entities may be necessary to attract private development interest. Therefore, property located within the Area may be acquired by the City, as necessary, to assemble various parcels of land to achieve marketable tracts or to implement a specific public or private redevelopment project. Since there are no housing units within the Area, no displacement of inhabited housing units will be involved with this Redevelopment Plan.

F. Estimated Redevelopment Project Costs

The estimated costs associated with the eligible public redevelopment activities are presented in **Exhibit F**, on the following page, entitled **Estimated Redevelopment Project Costs**. This estimate includes reasonable or necessary costs incurred, or estimated to be incurred, in the implementation of this Redevelopment Plan. These estimated costs are subject to refinement as specific plans and designs are finalized and experience is gained in implementing this Redevelopment Plan and do not include financing costs or interest payments that may be incurred in conjunction with redevelopment projects.

In addition to the proposed TIF funding, the City may seek the assistance of various State of Illinois Departments (Department of Transportation, Department of Commerce and Economic Opportunity, etc.), or appropriate agencies of the Federal Government to assist in funding site preparation, infrastructure, or other required projects or improvements. To the extent additional funds can be secured from the State of Illinois, or any Federal program or other public or private sources, the City may use such funding sources in furtherance of the Redevelopment Plan and Project.

Exhibit F
ESTIMATED REDEVELOPMENT PROJECT COSTS
 SouthPark Mall Redevelopment Project Area
 City of Moline, Illinois

Description	Estimated Cost
A. Public Works or Improvements <i>(Improvement of streets, curb and gutters, utilities and other public improvements)</i>	\$4,500,000
B. Property Assembly <i>(Acquisition of land, building demolition and site preparation)</i>	\$8,000,000
C. Building Rehabilitation	\$10,000,000
D. Relocation	\$200,000
E. Taxing District Capital Costs	\$100,000
F. Job Training	\$100,000
G. School District Increased Costs <i>(Pursuant to paragraph (7.5) of subsection (q) of Section 11-74.4-3 of the TIF Act)</i>	\$1,000,000
H. Interest Costs Incurred by Developers	\$3,000,000
I. Planning, Legal and Professional Services	\$800,000
J. General Administration	\$300,000
K. Financing Costs	See Note 3
L. Contingency	\$1,000,000
Total Estimated Costs	\$29,000,000

Notes:

1. All costs shown are in 2012 dollars.
2. Adjustments may be made among line items within the budget to reflect program implementation experience.
3. Municipal financing costs such as interest expense, capitalized interest and cost of issuance of obligations are not quantified herein. These costs are subject to prevailing market conditions and will be considered part of the total redevelopment project cost if and when such financing costs are incurred.
4. Private redevelopment costs and investment are in addition to the above.
5. The total estimated redevelopment project costs shall not be increased by more than 5% after adjustment for inflation from the date of the Plan adoption, per subsection 11-74.4.5 (c) of the Act.

G. Description of Redevelopment Project Costs

Costs that may be incurred by the City in implementing the Redevelopment Plan may include project costs and expenses as itemized in **Exhibit F**, subject to the definition of “redevelopment project cost” as contained in the Act, and any other costs that are eligible under said definition included in the “Contingency” line item. Itemized below is the statutory listing of “redevelopment project costs” currently permitted by the Act [bold typeface added for emphasis]. Note that some of the following narrative has been paraphrased (see full definitions in the Act).

1. **Costs of studies, surveys, development of plans and specifications, wetland mitigation plans, implementation and administration** of the Redevelopment Plan, including but not limited to staff and professional service costs for architectural, engineering, legal, environmental, financial, planning or other services, subject to certain limitations:
 - a. There are limitations on contracts for certain professional services with respect to term, services, etc.
 - b. Annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a Redevelopment Project Area or approved a Redevelopment Plan.
 - c. Marketing costs are allowable if related to marketing sites within the Redevelopment Project Area to prospective businesses, developers and investors.
2. **Property assembly costs**, including but not limited to acquisition of land and other property, real or personal or interest therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground level environmental contamination, including but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land.
3. **Costs of rehabilitation**, reconstruction or repair or remodeling of existing public or private buildings, fixtures and leasehold improvements; and the cost of replacing an existing public building if, pursuant to the implementation of a redevelopment project, the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment.
4. **Costs of the construction of public works or improvements**, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 of the Act unless either

- a. the construction of the new municipal building implements a redevelopment project that was included in a Redevelopment Plan that was adopted by the municipality prior to November 1, 1999; or
 - b. the municipality makes a reasonable determination in the Redevelopment Plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the Redevelopment Plan.
5. **Cost of job training and retraining projects** implemented by businesses located within the Redevelopment Project Area.
 6. **Financing costs**, including but not limited to, all necessary and incidental expenses **related to the issuance of obligations** (see definition of “obligations” in the Act), and which may include payment of interest on any obligations issued thereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months thereafter, and including reasonable reserves related thereto.
 7. To the extent the municipality by written agreement accepts and approves the same, all or a portion of a **taxing district's capital costs** resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan and project.
 - a. For Redevelopment Project Areas designated (or Redevelopment Project Areas amended to add or increase the number of tax-increment-financing assisted housing units), an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the Redevelopment Project Area for which the developer or redeveloper receives financial assistance through and agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvement projects within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by the Act, shall be paid by the municipality from the Special Tax Allocation Fund under certain conditions. For specific conditions and formulae used to determine payments due to a school district, see Subsection 11-74.4-3 (q) (7.5) of the Act.
 8. **Relocation costs** to the extent that a municipality determines that relocation costs shall be paid or it is required to make payment of relocation costs by Federal or State law or in order to satisfy Subsection 11-74.4-3 (n) (7) of the Act (re: federal Uniform Relocation Assistance and Real Property Acquisition Policies Act requirements).
 9. **Payments in lieu of taxes** (not common; see definition in Act).

10. **Costs of job training**, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, **incurred by one or more taxing districts**, provided that such costs:
- a. are related to the establishment and maintenance of additional job training, advanced vocational education or career education or career education programs for persons employed or to be employed by employers located in a Redevelopment Project Area; and
 - b. when incurred by a taxing district(s) other than the municipality, are set forth in a written agreement between the municipality and the taxing district or taxing districts, which agreement describes the programs to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and types of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the terms of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code.
11. **Interest costs incurred by a redeveloper** related to the construction, renovation or rehabilitation of a redevelopment project provided that:
- a. such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
 - b. such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - c. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
 - d. the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project, plus (ii) redevelopment project costs, excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;
 - e. the cost limits set forth in subparagraphs (b) and (d) above shall be modified for the financing of rehabilitation or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (b) and (d) above;

- f. Instead of the eligible costs provided by subparagraphs (b) and (d) above, as modified in this subparagraph, and notwithstanding any other provision of the Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. For further provisions on financing and eligible costs, see Subsection 11-74.43 (q) (11) of the Act.
12. Unless explicitly stated herein, the cost of construction of new privately owned buildings shall not be an eligible redevelopment project cost.
13. None of the redevelopment project costs enumerated above shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the Redevelopment Project Area, while terminating operations at another Illinois location within 10 miles of the Redevelopment Project Area but outside the boundaries of the Redevelopment Project Area municipality. For purposes of this paragraph, termination means closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a Redevelopment Project Area; but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.
14. No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this item (14) means
 - a. place or structure that is included or eligible for inclusion on the National Register of Historic Places or
 - b. contributing structure in a district on the National Register of Historic Places.

This item (14) does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

SECTION V

OTHER FINDINGS AND REQUIREMENTS

A. Conformance with Comprehensive Plan

Development projects proposed to be undertaken in implementing this Redevelopment Plan conform to the City of Moline's Comprehensive Plan adopted November 13, 2001. In addition, all development in the Area will comply with applicable codes and ordinances.

As noted in **Section IV**, the Moline Comprehensive Plan contains several guiding principles with which this Redevelopment Plan is consistent with. It designates commercial uses for this portion of the Rock Valley Planning District as depicted on the Future Land Use map in Chapter 10 of the Comprehensive Plan. On page 10-54 of the Comprehensive Plan the Mall and surrounding area is discussed as follows:

In general, the intersection of 16th Street and John Deere Road acts as the center of this District. Unfortunately, development along the street south of this intersection has become dated, providing a marginal entry into one of the city's most important retail centers, SouthPark Mall. Immediate attention needs to be given to the streetscape of this area, as well as significant upgrades to the parking areas and building facades of adjoining properties. Likewise, the mall's back door, 27th Street, needs similar improvements in order to enhance the competitiveness and vitality of the mall and surround retail and office development.

Certainly, this commentary supports the findings of this Redevelopment Plan and supports the goals and objectives and public and private redevelopment activities proposed herein.

B. Area, on the Whole, not Subject to Growth and Development

Upon examination of equalized assessed valuation data for the Area, the Redevelopment Project Area on the whole has not been subject to growth and investment. The tax base of the Area has fallen since 2006 by nearly \$3.5 million.

There has not been sufficient private investment in the Area that would significantly reduce or eliminate the blighting conditions that exist and enhance the tax base of the City and other affected taxing districts. This fact is illustrated by the trend in the decline of EAV of property in the Area.

As discussed **Section III** of this Redevelopment Plan and shown on **Exhibit D** in that section, the year-to-year trends in EAV within the Area are indicative of a potentially serious situation. **Exhibit G, EAV Trends (2006-2011)** on the following page provides another picture of the seriousness of this trend.

Exhibit G

EAV TRENDS (2006 - 2011)
 SouthPark Mall Redevelopment Project Area
 City of Moline, Illinois

	EAV				Avg. Annual Percent
	2006	2011	Change	Percent

² Consumer Price Index for All Urban Consumers. Source: U.S. Bureau of Labor Statistics.

³ Total City EAV minus Project Area EAV.

Exhibit G shows a slightly different but equally troubling picture of the Area over the 2006-2011 period. While the Consumer Price Index for this time frame increased by 12% and the EAV for the balance of the City increase by 15%, the Area declined by 16%.

The information presented above demonstrates that the Area meets and actually exceeds the threshold requirement for this TIF qualification (the Act only requires that EAV lag for 3 of the past 5 years). It also presents evidence of an alarming trend that PGAV senior staff have seen with respect to other regional malls or major retail commercial developments. When timely action is not taken by a property owner to stem the market rejection of the property, the decline accelerates to the point where a major rehab or “reinvention” of the existing improvements is too late to have a positive effect. This is typically the result of the property owner having deferred maintenance and not freshening of the facility for too long a period. At this stage of decline, the costs to improve the property are significantly greater than can be supported by lease income. The end result is often complete demolition of the existing improvement and major loss of revenues to the municipality and other taxing bodies. There are multiple examples of this situation across the U.S. at this time.

In the opinion of PGAV, the current condition and occupancy of the Mall, the recent EAV trends, and the expected future value and occupancy trends are clear indicators in support of the “but for” provision of the TIF Act. Unless the City participates in financing what will need to be major improvements to or reconfiguring the Mall, the property owner will be forced to make an investment elsewhere and attempt to convert this property to alternate uses.

C. Would Not be Developed “but for” Tax Increment Financing

The City has found that the Area would not reasonably be developed without the use of tax increment revenues. The City further commits that such incremental revenues will be utilized for the development and revitalization of the Area as provided in the Act. Underscoring the economic need for municipal financial assistance in the form of tax increment financing is the certainty that there will not be commitments for private development and revitalization without the City’s commitment to provide such municipal financial assistance.

Furthermore, the eligibility factors documented in this Plan contribute to the “but for” argument. These conditions discourage private investment, as the potential return on investment in the Area is too small relative to the risk or simply does not make economic sense. Many of the commercial buildings require significant investment to rehabilitate them for new or continued viable locations for businesses. In other cases, improvements to deteriorated or inadequate public infrastructure are needed to facilitate land development.

Additionally, discussions between PGAV representatives and City management and planning staff and the Mall owners have indicated that they will be requesting tax increment financing assistance to recapture some of the extraordinary expenses associated with renovation and reinvention of the Mall.

While a firm plan by the current owner has not been finalized, it is the intent of this Plan to help overcome the economic disincentives documented herein. Without financial incentives to overcome these barriers, investment by private enterprise will not take place to the degree necessary to realize significant revitalization and/or redevelopment within the Area.

D. Assessment of Financial Impact

The City finds adoption of this Redevelopment Plan will not place significant additional demands on facilities or services for any local taxing body. Police and fire services and facilities appear to be adequate for the foreseeable future.

The City and Joint Review Board will monitor the progress of the TIF program and its future impacts on all local taxing bodies. In the event significant adverse impediments are identified that increase demands for facilities or services in the future, the City will consider utilizing tax increment proceeds or other appropriate actions, to the extent possible, to assist in addressing the needs.

E. Estimated Date for Completion of the Redevelopment Projects

The estimated date for completion of the Redevelopment Project or retirement of obligations issued shall not be later than December 31st of the year in which the payment to the City Treasurer, as provided in subsection (b) of Section 11-74.4-8 of the Act, is to be made with respect to ad valorem taxes levied in the 23rd calendar year after the year in which the ordinance approving the Area is adopted.

F. Most Recent Equalized Assessed Valuation

The most recent total EAV for the Area has been estimated by the City to be \$17,234,192. **Parcel Identification Numbers and EAV History**, located in the **Appendix** as **Attachment E**, contains a listing of the parcel identification number, property owner, and the 2011 EAV for each parcel. This is accompanied by a map showing the location of the parcel within the Redevelopment Project Area. The County Clerk of Rock Island County will verify the base EAV for each parcel after adoption of the City ordinances approving the Redevelopment Plan and establishing the Area.

G. Redevelopment Valuation

Contingent on the adoption of this Plan and commitment by the City to the redevelopment program described herein, the City anticipates that the private redevelopment investment in the Area will increase the EAV of the Area by \$16 to \$17 million (2012 dollars) upon completion of the redevelopment projects, including redevelopment of perimeter parcels, infill development along 16th Street, and redevelopment of portions of the expansive parking areas on the Mall parcel.

H. Source of Funds

The primary source of funds to pay for redevelopment project costs associated with implementing this Plan shall be funds collected pursuant to tax increment financing to be adopted by the City. Under such financing, tax increment revenue resulting from an increase in the EAV of property in the Area shall be allocated to a special fund each year (the "Special Tax Allocation Fund"). The assets of the Special Tax Allocation Fund shall be used to pay redevelopment project costs and retire any obligations incurred to finance redevelopment project costs.

In order to expedite implementation of this Redevelopment Plan and construction of the public improvements, the City, pursuant to the authority granted to it under the Act, may issue bonds or other obligations to pay for the eligible redevelopment project costs. These obligations may be secured by future revenues to be collected and allocated to the Special Tax Allocation Fund.

If available, revenues from other economic development funding sources, public or private, may be utilized. These may include State and Federal programs, local retail sales tax, applicable revenues from any adjoining tax increment financing areas, and land disposition proceeds from the sale of land in the Area, as well as other revenues. The final decision concerning redistribution of yearly tax increment revenues may be made a part of a bond ordinance.

I. Nature and Term of Obligations

Without excluding other methods of City or private financing, the principal source of funding will be those deposits made into the Special Tax Allocation Fund of monies received from the taxes on the increased EAV (above the initial EAV) of real property in the Area. These monies may be used to reimburse private or public entities for the redevelopment project costs incurred or to amortize obligations issued pursuant to the Act for a term not to exceed 20 years bearing an annual interest rate as permitted by law. Revenues received in excess of 100% of funds necessary for the payment of principal and interest on the bonds and not needed for any other redevelopment project costs or early bond retirements shall be declared as surplus and become available for distribution to the taxing bodies to the extent that this distribution of surplus does not impair the financial viability of the any projects. One or more bond issues may be sold at any time in order to implement this Redevelopment Plan.

J. Fair Employment Practices and Affirmative Action

The City will insure that all private and public redevelopment activities are constructed in accordance with fair employment practices and affirmative action by any and all recipients of TIF assistance.

K. Reviewing and Amending the TIF Plan

This Redevelopment Plan may be amended in accordance with the provisions of the Act. Also, the City shall adhere to all reporting requirements and other statutory provisions.

APPENDIX

**Moline City Council Resolution No. 1026-2011
SouthPark Mall Redevelopment Project Area**

Council Bill/Resolution No. 1026-2011

Sponsor: _____

A RESOLUTION

PROVIDING for a feasibility study on the designation of a portion of the City of Moline as a redevelopment project area (SouthPark Mall) and to induce development interest within such area; and

AUTHORIZING expenditures in the course of planning and redevelopment, prior to a redevelopment project area being established, that may be reimbursable from TIF proceeds.

WHEREAS, the City of Moline (the "City") is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, *65 ILCS 5/11-74.4-1, et seq.* as amended ("the TIF Act"), to finance redevelopment project costs in connection with redevelopment project areas established in accordance with the conditions and requirements set forth in the Act; and

WHEREAS, pursuant to the Act, to implement tax increment financing (TIF), it is necessary for the City to adopt a redevelopment plan and redevelopment project, designate a redevelopment project area on the basis of finding that the area qualifies pursuant to statutory requirements, and make a finding that the redevelopment project area on the whole has not been subjected to growth and development through private enterprise and would not reasonably be anticipated to be developed without the adoption of a redevelopment plan, which plan contains a commitment to use public funds; and

WHEREAS, the City desires to undertake a feasibility study to determine whether findings may be made with respect to an area of the City, generally described herein, which may be designated as a redevelopment project area, to qualify the area as a blighted area or a conservation area or a combination thereof as defined in the Act, and other research necessary to document the lack of growth and development through private enterprise; and

WHEREAS, the boundaries of the redevelopment project area being considered are delineated on Exhibit A attached hereto, provided that the actual redevelopment project area to be established may contain more or less land than that shown on Exhibit A; and

WHEREAS, the City will be expending certain funds to determine eligibility of the proposed redevelopment project area and to prepare the required redevelopment plan if the City decides to implement tax increment financing for all or a portion of the proposed TIF area; and

WHEREAS, the City may expend other funds in furtherance of the objectives of the anticipated redevelopment plan; and

WHEREAS, it is the intent of the City to recover these expenditures from the first proceeds of the TIF program, if established; and

WHEREAS, the City wishes to encourage developers to pursue plans for the redevelopment of the area and make such expenditures as are reasonably necessary in that regard with confidence that said expenditures may be allowable redevelopment project costs under the plan once adopted and subject to a redevelopment agreement between the City and the developers/property owners; and

WHEREAS, the purpose of the proposed redevelopment plan and project is to generate private investment in the targeted area, thereby eliminating or reducing blighted conditions or conditions that may lead to blight and provides for the long-term sound growth of the community; and

WHEREAS, tax increment allocation financing utilizes the increase in real estate taxes (“tax increment”) resulting from the increase in value of properties located in a redevelopment project area to pay for certain redevelopment projects costs as provided for in the Act; and

WHEREAS, of the purposes of the proposed redevelopment plan or proposed redevelopment project area, none are reasonably expected to result in the displacement of residents from ten (10) or more inhabited residential units within the area; therefore, the feasibility study is not required to include the preparation of any housing impact study as described in Section 11-74.4-4.1 (b) of the Act.

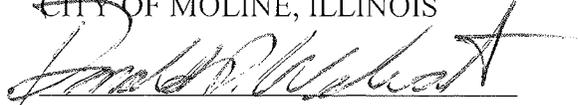

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

That the City Council has examined the proposed area and circumstances and at this time finds that it is reasonable to believe that a tax increment financing plan can be adopted for said area and expenditures of development costs in furtherance of the plan, and potential development should be allowable project costs under the plan, provided that this resolution is not a guarantee that any such plan will be adopted, but rather an expression of the sense of the City at this time.

BE IT FURTHER RESOLVED that the person to contact for additional information about the proposed redevelopment project area and who should receive all comments and suggestions regarding the redevelopment of the area shall be:

Existing Conditions Photos

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

On the following pages, a series of photos taken on April 4, 2012 represent the interior and exterior conditions of Moline's SouthPark Mall and certain adjacent properties. These photos are grouped according to various categories that will be described accordingly.

Overview

As is typical of an aging mall that has had deferred maintenance, no significant updating to its appearance virtually since its construction, and prior ownership that did not aggressively address these factors and recruited tenants, SouthPark Mall now represents a series of conditions that must be corrected if the Mall is to regenerate and attract new, high quality tenants and shoppers. As described in the Eligibility Analysis section of this document which precedes the Redevelopment Plan and Project discussion, there are a variety of factors present throughout the SouthPark Mall property that represent "blighted area" conditions as defined in the TIF Act. These photos are intended to depict those conditions.

Obsolescence

The age of the mall and its dated appearance are contributing factors to a number of other conditions that will be demonstrated by photos for other categories described in ensuing pages of this Appendix. However, one of the best indicators of the obsolescence of a regional mall is demonstrated by its inability to attract tenants that represent national and US regional retailers. The photos below depict the wide array of non-retail or second and third tier retail tenants that now occupy significant space at SouthPark Mall. Some of these tenants are on "temporary" leases that indicate the owner, while filling tenant spaces, would lease the space to better tenants if they could.

Above: A local massage therapist operating from a recently vacated space.

At left: A construction company displaying its work. Note that this space is not even manned.

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

MOLINE, ILLINOIS

Obsolescence (cont'd)

Above Left: A "dollar" store of local origin.

Above Right: A store selling used & refurbished electronics.

Lower Left: A local car dealer using a very large vacated space to display new vehicles.

Deterioration

Deterioration of property improvements of virtually every type abounds at SouthPark Mall. The photos below depict evidence of deteriorated roofing (which has caused interior water damage to ceilings and walls), aged air conditioning and ventilation units, parking lots and parking lot lighting fixtures, sidewalks, parapet walls, access bridges from adjoining roadways, and interior flooring.

Examples of extensive areas of roof deterioration

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

Deterioration (cont'd)

Additional examples of extensive areas of roof deterioration

The two photos above and the one to the left show a grouping of photos illustrating the various roof sections along adjoining building walls. A combination of typical building settlement and aging and deteriorated roofing materials is creating separation along these meeting points. This is creating water damage to interior ceilings and walls.

Time, wind, rain and storm water, and typical settlement has created numerous issues relating to the various parapet walls and parapet facing materials along the exterior edges. The next series of photos show examples of this type of deterioration.

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

Damaged facing material with temporary plywood replacement

Significant step cracking above and below a parapet wall

Deteriorating concrete parapet facing panels exist along a significant length of the Mall facade. Note how the panels are joined by steel straps bolted at various locations. Areas have been patched at various locations but, in some instances, are continuing to deteriorate at the patch locations. In other instances as shown below, the panels are separating and moving away from the main structure.

The next series of photos depicts elements of deterioration in the parking lots, access bridges, and sidewalks.

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

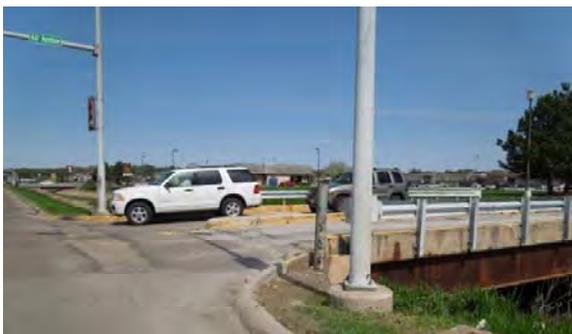

Deterioration (cont'd)

Vast portions of the parking areas around the Mall are in need of repair and resurface. The photo on the right depicts an area that has been blocked from access from the ring road around the mall due to the condition of the lot.

Drive aisles, curbing, and many sidewalks areas are crumbling.

Four of the 5 access bridges are in severely deteriorated condition and need complete replacement.

Other examples of deterioration are depicted in the next series of photos. These include canopy awnings at entrances, cloudy luminaires on parking lot lighting fixtures, and rusting fixture poles.

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

Deterioration (cont'd)

These cloudy luminaires make the lighting inefficient and unattractive. In some cases, the luminaire heads are leaning as in this example. The pole at the right is virtually covered in rust and does not appear to have been intended to be the type that would normally do this (corten steel).

This long canopy at one of the entrances has a number of holes, has been patched in several places, and has other damaged and discolored areas.

As noted previously, interior deterioration includes significant cracking in some of the flooring surfaces, water damage to ceiling areas and to wall areas due to roof leaking, and structural cracking, some such as the example below at bearing locations.

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

Excessive Vacancies

In many metro areas with multiple regional malls, such as the Quad Cities, a combination of shifting demographic and housing development trends, retail tenant trends away from regional mall locations, along with an overbuilt retail environment has negatively impacted the viability of regional malls. This usually means that malls in the “right” location within the metro area will do well and those in other locations will suffer a high percentage of vacancy. SouthPark Mall appears to be a victim of these circumstances. The population of the Quad Cities Metropolitan Statistical Area (MSA) only increased by 0.1% between 2000 and 2010 and the greatest increase occurred in the Davenport sector of the MSA. In essence, SouthPark Mall is now too large for the market population it must rely on to attract quality tenants, which has been a significant contributor to its obsolescence high vacancy rates. As noted above, this also has meant that to minimize vacancy, “temporary leases” have been extended to non-traditional tenants that do not attract other quality tenants or have synergy with the existing anchor and other major tenants. The photos which follow are among the many examples of the extensive vacancies that exist at SouthPark Mall.

These are just four examples of tenant spaces both large and small that are vacant throughout the mall

ATTACHMENT D - EXISTING CONDITIONS PHOTOS

TIF Redevelopment Plan & Project
SOUTH PARK MALL REDEVELOPMENT PROJECT AREA

MOLINE, ILLINOIS

Excessive Vacancies (cont'd)

This is another example of two large spaces occupied by a martial arts school and studio.

A kiosk in a good location outside the entry to an anchor store is vacant (one of two).

These are examples of entire connecting corridors to anchor stores that are nearly vacant. Where space is occupied, it's by "temporary" or second tier tenants.

Food court spaces are vacant as well

AN ORDINANCE

DESIGNATING the SouthPark Redevelopment Project Area.

WHEREAS, the City Council has heretofore in Ordinance No. 3034-2012 adopted and approved the Tax Increment Redevelopment Plan and Project for the proposed SouthPark Mall Redevelopment Project Area with respect to which a public hearing was held on October 23, 2012 and it is now necessary and desirable to designate the area referred to in said plan as the SouthPark Mall Redevelopment Project Area.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1. That the area described in the attached Exhibit A is hereby designated as the SouthPark Mall Redevelopment Project Area pursuant to Section 11-74.4-4 of the Tax Increment Allocation Redevelopment Act, found generally at 65 ILCS 5/11-74.4-4.

Section 2. That all ordinances and parts of ordinances in conflict with the provisions of this ordinance are repealed to the extent of such conflict.

Section 3. That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.

TIF DESCRIPTION SOUTHPARK REDEVELOPMENT PROJECT AREA

Part of the southwest quarter and southeast quarter of Section 9, and part of the northwest quarter and northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows;

Beginning at a point on the north line of Ekhco 5th Addition which is 37 feet more or less west of the northeast corner of Lot 1 in said Ekhco 5th Addition;

Thence northerly, a distance of 287 feet more or less;

Thence westerly, a distance of 333 feet more or less to the intersection of the south right of way line of 47th Avenue and the west right of way line of 16th Street;

Thence northerly along said west right of way line, a distance of 1,201 feet more or less to the north line of Lot 3 in Town & Country Addition;

Thence westerly along said north line and said west right of way line, a distance of 9 feet more or less;

Thence northerly along said west right of way line, a distance of 251 feet more or less;

Thence easterly along said west right of way line, a distance of 3 feet more or less;

Thence northerly along said west right of way line, a distance of 235 feet more or less to the north line of Lot 1 in Town & Country Addition;

Thence westerly along said north line and said west right of way line, a distance of 5 feet more or less;

Thence northerly along said west right of way line, a distance of 100 feet more or less;

Thence northerly along said west right of way line, a distance of 157 feet more or less;

Thence northwesterly along said west right of way line, a distance of 65 feet more or less to the south right of way line of John Deere Road;

Thence northerly, a distance of 239 feet more or less to the north right of way line of John Deere Road;

Thence northeasterly along said north right of way line, a distance of 79 feet more or less to the west right of way line of 16th Street;

Thence easterly, a distance of 157 feet more or less to the intersection of the north right of way line of John Deere Road and the east right of way line of 16th Street;

Thence southeasterly along said north right of way line, a distance of 36 feet more or less;

Thence easterly along said north right of way line, a distance of 339 feet more or less;

Thence northerly along said north right of way line, a distance of 9 feet more or less;

Thence easterly along said north right of way line, a distance of 364 feet more or less;

Thence northerly along said north right of way line, a distance of 8 feet more or less;

Thence easterly along said north right of way line, a distance of 236 feet more or less;

Thence southerly along said north right of way line, a distance of 8 feet more or less;

Thence easterly along said north right of way line, a distance of 399 feet more or less;

Thence northerly along said north right of way line, a distance of 46 feet more or less;

Thence easterly along said north right of way line, a distance of 639 feet more or less to the west right of way line of 27th Street;

Thence easterly along said north right of way line, a distance of 93 feet more or less to the east right of way line of 27th Street;

Thence southeasterly, a distance of 515 feet more or less to the intersection of the south right of way line of John Deere Road and the east line of South Moline Township Tax Parcel No. 354-C;

Thence southerly along the east line of South Moline Township Tax Parcel No. 354-C and South Moline Township Tax Parcel No. 354, a distance of 441 feet more or less to the south line of South Moline Township Tax Parcel No. 354;

Thence westerly along said south line, a distance of 318 feet more or less to the east right of way line of 27th Street;

Thence southerly along said east right of way line, a distance of 135 feet more or less;

Thence westerly along said east right of way line, a distance of 17 feet more or less;

Thence southerly along said east right of way line, a distance of 385 feet more or less to the north right of way line of 46th Avenue;

Thence easterly along said north right of way line, a distance of 300 feet more or less to the northerly extension of the east line of South Moline Township Tax Parcel No. 360-1;

Thence southerly along said east line and its northerly extension, a distance of 325 feet more or less to the south line of South Moline Township Tax Parcel No. 360-1;

Thence westerly along said south line, a distance of 300 feet more or less to the east right of way line of 27th Street;

Thence southerly along said east right of way line, a distance of 801 feet more or less to the easterly extension of the north line of Ekhco 5th Addition;

Thence westerly along said north line and its easterly extension, a distance of 1,964 feet more or less to the Point of Beginning.

The above described parcel contains 119.227 acres, more or less excluding the following 3 exceptions.

Exception 1

Lots 1, 2 and 6 of SouthPark Mall Subdivision Second Addition, all of Nellis First Addition, and part of Lot 4 SouthPark Mall Subdivision First Addition, all located in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows:

Beginning at the at the southwest corner of Nellis First Addition;

Thence northerly along the east right of way line of 16th Street, a distance of 358 feet more or less;

Thence northerly along said east right of way line, a distance of 209 feet more or less;

Thence northeasterly along said east right of way line, a distance of 83 feet more or less to the south right of way line of John Deere Road;

Thence easterly along said south right of way line, a distance of 640 feet more or less;

Thence northerly along said south right of way line, a distance of 5 feet more or less;

Thence easterly along said south right of way line, a distance of 277 feet more or less;

Thence easterly along said south right of way line, a distance of 503 feet;

Thence southerly, a distance of 315 feet more or less to the easterly projection of the south line of Lots 1 and 2 in SouthPark Mall Subdivision Second Addition;

Thence westerly along said south line and its easterly projection, a distance of 1,259 feet more or less to the southwest corner of said Lot 1;

Thence westerly, a distance of 56 feet more or less to the northeast corner of Nellis First Addition;

Thence southerly along the east line of Nellis First Addition and the east line of Lot 6 in SouthPark Mall Subdivision Second Addition, a distance of 329 feet more or less;

Thence southwesterly along the east line of said Lot 6, a distance of 32 feet more or less;

Thence westerly along the south line of said Lot 6, a distance of 46 feet more or less;

Thence westerly along said south line, a distance of 96 feet more or less to the west line of said Lot 6;

Thence northerly along said west line, a distance of 178 feet more or less to the south line of Nellis First Addition;

Thence westerly along said south line, a distance of 40 feet more or less to the Point of Beginning.

Exception 2

Part of Lot 4 in SouthPark Mall Subdivision First Addition, in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois, more particularly described as follows:

Commencing at the northwest corner of Lot 5 in SouthPark Mall Subdivision Second Addition;

Thence northerly, a distance of 250 feet more or less to the Point of Beginning;

Thence northerly, a distance of 210 feet more or less;

Thence easterly, a distance of 155 feet more or less;

Thence southerly, a distance of 210 feet more or less;

Thence westerly, a distance of 153 feet more or less to the Point of Beginning.

Exception 3

All of Lot 5 in SouthPark Mall Subdivision Second Addition in the northeast quarter of Section 16, Township 17 North, Range 1 West of the 4th Principal Meridian, in the City of Moline, County of Rock Island, State of Illinois.

AN ORDINANCE

ADOPTING Tax Increment Financing for the SouthPark Mall Redevelopment Project Area.

WHEREAS, the City of Moline, Illinois, desires to adopt tax increment financing pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et. seq., as amended, hereinafter referred to as the “Act”; and

WHEREAS, the City of Moline has adopted a Tax Increment Redevelopment Plan and Project, designated the SouthPark Mall Redevelopment Project Area pursuant to the provisions of the Act, and has otherwise complied with all other conditions precedent required by the Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1. That tax increment financing is hereby adopted in respect to the Tax Increment Redevelopment Plan and Project for the SouthPark Mall Redevelopment Project Area (Area) approved and adopted pursuant to Ordinance No. 3034-2012 of the City of Moline, which said Area was designated pursuant to Ordinance No. 3035-2012 and the boundaries thereof being legally described therein.

Section 2. That after the total equalized assessed valuation of taxable real property in the SouthPark Mall Redevelopment Project Area exceeds the total initial equalized assessed value of all taxable real property in the SouthPark Mall Redevelopment Project Area, the ad valorem taxes, if any, arising from the levies upon taxable real property in the SouthPark Mall Redevelopment Project Area by taxing districts and the rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 of the Act each year after the effective date of this Ordinance until the redevelopment project costs and all municipal obligations issued in respect thereto have been paid shall be divided as follows:

- a. That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the SouthPark Mall Redevelopment Project Area shall be allocated to and when collected shall be paid by the County Collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.
- b. That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each lot, block, tract or parcel of real property in the SouthPark Mall Redevelopment Project Area over and above the initial equalized assessed value of each property in the SouthPark Mall Redevelopment Project Area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called "the Special Tax Allocation Fund for the SouthPark Mall Redevelopment Project Area" of the City of Moline for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof, pursuant to such appropriations which may be subsequently made.

Section 2. That all ordinances and parts of ordinances in conflict with the provisions of this ordinance are repealed to the extent of such conflict.

Section 3. That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.

A SPECIAL ORDINANCE

GRANTING a variance to Section 28-3200(a) of the Moline Code of Ordinances to delay installation of a sidewalk for property located at 3811 35th Avenue.

WHEREAS, the owner of the property addressed as 3811 35th Avenue has requested a variance from installing sidewalk; and

WHEREAS, City standards require sidewalk installation along all streets at the time a lot is developed; and

WHEREAS, the City Council has identified a lack of right-of-way to accommodate a public sidewalk which constitutes a hardship on the subject property.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1 - That this Council hereby finds and declares upon the recommendation of its Committee-of-the-Whole on August 27, 2013, that it is in the best interest of the City of Moline, Illinois, to grant a variance to Sec. 28-3200(a) of the Moline Code of Ordinances for the following described territory to allow the owner of 3811 35th Avenue to delay installation of sidewalk along its frontage until such time that it is deemed necessary by the City to place sidewalk at this location.

That part of Lots 32 and 33 in P.J. Meersman's Acre Addition to Moline, as said Lots are known and designated upon the recorded plat thereof, situated in South Moline Township, described as follows, to-wit:

Beginning at the Southeast corner of said Lot 32; thence West 251.3 feet; thence North 202.15 feet; thence East 130.57 feet to the East line of said Lot 33; thence South 70.05 feet to the Southeast corner of said Lot 33; thence Southeasterly 176 feet to the point of beginning, situated in Rock Island County, State of Illinois.

Section 2 - That this ordinance shall not constitute a repeal of any or all ordinances or resolutions in conflict herewith but shall be construed as a one-time variance with regard to such conflicting ordinances or resolutions.

Section 3 - That this ordinance is an exercise of the City's home rule powers granted to it by virtue of Article VII, Section 6 of the 1970 Illinois Constitution and shall therefore take precedence over any conflicting State Statutes or rules.

Section 4 - That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.

AN ORDINANCE

AMENDING Chapter 26, "POLICE" of the Moline Code of Ordinances, Section 26-2303, "PHYSICAL EXAMINATIONS," by repealing said section in its entirety and enacting in lieu thereof one new Section 26-2303, "PHYSICAL EXAMINATIONS," dealing with the same subject matter.

WHEREAS, the Board of Fire and Police Commissioners (Board) has amended Chapter IV (Promotions - Police) in its Rules and Regulations to eliminate the requirement of a medical examination prior to a promotion in the police department;

WHEREAS, the current ordinance should be amended to eliminate the physical examination requirement for promotions in the police department, as well as to correspond to the Board's Rules and Regulations.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1 - That Chapter 26, "POLICE" of the Moline Code of Ordinances, Section 26-2303, "PHYSICAL EXAMINATIONS," is hereby amended by repealing said section in its entirety and enacting in lieu thereof one new Section 26-2303, "PHYSICAL EXAMINATIONS," dealing with the same subject matter, which shall read as follows:

"SEC. 26-2303. PHYSICAL EXAMINATIONS.

At the time of offer of appointment to the police department, a police officer candidate shall pass a complete physical examination to be given by a physician selected by the board of fire and police commissioners. A report of the physician's findings shall be on a standard form provided by the board of fire and police commissioners. The physician's examination fee shall be paid for by the City."

Section 2 - That this ordinance shall be in full force and effect from and after passage, approval and, if required by law, publication in the manner provided for by law.

A SPECIAL ORDINANCE

CLOSING certain streets more particularly described herein to vehicular traffic; and

AUTHORIZING the use of public right-of-way in conjunction with the Bier Stube Oktoberfest scheduled for Thursday, September 19, 2013 through Sunday, September 22, 2013 and Thursday, September 26, 2013 through Saturday, September 28, 2013.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOLINE, ILLINOIS, as follows:

Section 1 – That this Council hereby authorizes and directs the Mayor, Director of Public Works and Police Chief to erect barricades and post temporary signs, if necessary, for the purpose of closing the following designated roadways to vehicular traffic during the specified times mentioned herein:

Thursday, September 19, 2013, 12:00 p.m. to Sunday, September 22, 2013, 2:00 p.m., and
Thursday, September 26, 2013, 12:00 p.m. to Sunday, September 29, 2013, 2:00 a.m.

Alley in the 400 block between 14th and 15th Streets,
the closure to be from the westernmost side of 15th Street to
the west end of Bier Stube Biergarten.

It shall be an offense to use said roadways for vehicular purposes during times herein specified.

Section 2 – That this Council declares the intent of this ordinance to be a temporary variance from other ordinances that may be in conflict herewith and shall authorize the activities described hereinabove only during such times specified for the street closings and shall not constitute a repeal of other ordinances of the City of Moline which are in conflict herewith.

Section 3 – That this ordinance shall be in full force and effect from and after passage, approval, and if required by law, publication in the manner provided for by law.
