Explanation

- 1. A Special Ordinance authorizing the Mayor and City Clerk to execute an Estoppel Certificate and Consent Agreement (“Agreement”) permitting Tower Assets Newco IX, LLC, a Delaware limited liability company, to take assignment of the Tower Site Option and Ground Lease Agreement (“Lease”) between the City and Pegasus Tower Development Company, LLC, for the site located at 2701 30th Street Court, Moline, Illinois. (Amy Keys, Deputy City Attorney)**

Explanation: On March 30, 2010, the City executed a Lease with Pegasus Tower Company, LTD., for its placement of antenna facilities on City premises located at 2701 30th Street Court, known as Jefferson Park. Pegasus Tower Company, LTD., proceeded with exercising the option and pursuant to terms of the Lease, started its Lease with the City on January 1, 2011. Pursuant to terms of the Lease, Pegasus Tower Company, LTD., assigned its interest in the Lease to Pegasus Tower Development Company, LLC. City staff has received and reviewed the financials of Tower Assets Newco IX, LLC (“Tower Assets”) and finds them acceptable in valuation as a service provider. Execution of the Agreement by the City will allow Tower Assets to take assignment of the Lease upon closing of the transaction between Pegasus Tower Development Company, LLC, and Tower Assets. (Ray Forsythe, Planning & Development Director)**

Explanation: This Resolution is required to begin the process to implement tax increment financing (TIF). It is necessary for the City to adopt a redevelopment plan and redevelopment project; designate a redevelopment project area on the basis of finding that the area qualifies pursuant to statutory requirements; make a finding that the redevelopment project area on the whole has not been subjected to growth and development through private enterprise and would not reasonably be anticipated to be developed without the adoption of a redevelopment plan, which plan contains a commitment to use public funds; and allow the City to recover these expenditures from first proceeds of the TIF program, if established.

**CONTRACT FOR PROFESSIONAL SERVICES
BETWEEN
THE CITY OF MOLINE, ILLINOIS AND PECKHAM GUYTON ALBERS & VIETS, INC.
(Proposed Downtown Historic Area TIF District)**

THIS AGREEMENT is entered into on the date and by execution shown hereafter, by and between the City of Moline (hereinafter referred to as the “City”) and Peckham Guyton Albers & Viets, Inc., (hereinafter referred to as “PGAV”).

WITNESSETH:

Whereas, the City is interested in development and improvement of areas within the City utilizing the Tax Increment Allocation Redevelopment Act, 65 ILCS, 5/11-74.4-1 et. seq., as amended (the TIF Act) to facilitate development in the area; and

Whereas, the City desires to explore the feasibility of establishing a tax increment finance redevelopment project area in an area identified herein as the Downtown Historic Area Redevelopment Project Area (Project Area); and

Whereas, in order to establish a new TIF redevelopment project area, the City wishes to retain PGAV to undertake an eligibility study to determine if all or a portion of the Downtown Historic Area is eligible under the applicable provisions of the Act; and

Whereas, in the event all or a portion of the Downtown Historic Area is eligible for designating as a TIF redevelopment project area, the City may direct PGAV to prepare a redevelopment plan for this area, pursuant to the scope of services described herein; and

Whereas, PGAV is duly experienced in conducting eligibility studies and preparing TIF redevelopment plans.

Now, Therefore, the parties hereto do mutually agree as follows:

I. SCOPE OF SERVICES

A. Inducement Resolution

PGAV will prepare, for use by the City, a draft of a resolution indicating the City’s intent to designate a portion of the City as a redevelopment project area and to induce private investment in said area.

B. Interested Parties Registry

PGAV will assist the City in complying with the requirements of the Act regarding the “interested parties’ registry.” This assistance includes providing the City with drafts of the following:

1. A newspaper notice of registration for the interested parties registry regarding the proposed TIF district.

2. An updated TIF interested parties registration form.

C. Eligibility Analysis

1. The area being considered for use of tax increment financing is shown on Exhibit A entitled *TIF Study Area Boundary Map* which is attached hereto and hereby made a part of this Agreement. It should be noted that the boundaries indicated for potential TIF designation are intended to suggest an area of eligibility investigation. As a function of this task, PGAV will make recommendations that may include adding parcels adjacent to but outside the Study Area Boundary or may exclude certain parcels within the boundaries.
2. PGAV will conduct an on-site inspection of conditions on each property to determine the presence of eligibility factors per the current definitions of “blighted area” and “conservation area” contained in the Act. PGAV will also examine any evidentiary documentation, to be provided by the City, concerning building code violations, inadequate utilities and any other information that may affect the public health safety and welfare. The findings will be documented with map annotations and narrative.
3. Based upon the findings of the field work and other research findings, PGAV will recommend a final boundary for The TIF Area. Upon concurrence by the City’s point of contact, PGAV will prepare findings on eligibility and incorporate said findings in the Redevelopment Plan as described in Task D below:

D. Redevelopment Plan

PGAV will prepare a Redevelopment Plan for the TIF Area to be known as the Downtown Historic Area Redevelopment Project Area or other such name as may be requested by the City. This Plan will include, as required under the TIF Act, the following:

1. Redevelopment Plan and Findings:
 - a. Redevelopment plan objectives.
 - b. Generalized land use to apply for the Project Area.
 - c. Description of private projects and necessary public actions.
 - d. Implementation strategy.
 - e. Estimated redevelopment project costs.
 - f. Estimate of equalized assessed value of the Project Area after redevelopment.
 - g. The eligibility findings for the Project Area as documented in Task A of this scope of services.
 - h. Include documentation that "but for TIF" the Plan will not be implemented.
 - i. Include evidence that the subject Project Area has not been subject to growth and development by private enterprise as may be revealed from assessed value data and/or building permit records.
 - j. Taxing district impacts. This will also estimate the impact of TIF on the School District’s General State Aid entitlements.
 - k. Appendix containing photographs evidencing conditions in the Project Area.

2. Exhibits:

PGAV will prepare the following maps and/or exhibits, as deemed necessary by PGAV, to document the Redevelopment Plan.

- a. Redevelopment Project Area Map for the Downtown Historic Area Redevelopment Project Area.
- b. Existing Land Use Map
- c. Existing Conditions Map.
- d. General Land Use Plan.
- e. Estimated Redevelopment Project Costs.
- f. Parcel key map indexed to a list of County Permanent Identification Numbers (PINs), property owners and most recent equalized assessed valuation (EAV).

E. Review & Approval Process

1. PGAV will prepare, for the City's use, a schedule that documents the Redevelopment Plan review and approval process for the proposed Redevelopment Project Area. Included on this schedule will be dates for publications and mailing of required notices pursuant to the requirements of the Act.
2. PGAV will provide guidance to the City in the formal approval process of the Redevelopment Plan. This shall include general advice and sample notices for the: Public Meeting (if necessary); Joint Review Board; public hearing; approval ordinances, etc., and notices to taxing bodies, property owners and residential addressees located within 750 feet of the Project Area.

- A.** A person to serve as a point of contact with the City, who will interact with PGAV staff and be responsible for tasks to be completed by the City.
- B.** A person knowledgeable of the City's building and life safety codes (e.g., building inspector), to join the PGAV staff person conducting investigative fieldwork. Alternatively, the City may provide specific information on building and life safety code violations or non-compliance with respect the buildings in the Study Area.

- D.** Collect the most recent equalized assessed valuation (E.A.V.) of each parcel in the Project Area from the County Assessor's office, including name and address of property owners. While collecting this information, the City will obtain the historical E.A.V. for each parcel going back to 2009. This infor-

mation will be provided to PGAV in an Excel spreadsheet model developed by PGAV and provided to the City in digital form for data entry.

THIS AGREEMENT, made and concluded this _____ day of _____, A.D., 2015, between **NEEDHAM EXCAVATING, INC.** of **17470 70TH AVENUE, WALCOTT, IA 52773**, hereinafter referred to as the “CONTRACTOR,” and the CITY OF MOLINE, ILLINOIS, hereinafter referred to as the “CITY;”

WITNESSETH, that the CONTRACTOR for and in consideration of the payments to be made to it by the CITY in the amount of **TWO MILLION SIX HUNDRED TWENTY THREE THOUSAND FIVE HUNDRED THIRTY EIGHT AND 95/100 (\$2,623,538.95) DOLLARS**, hereby covenants and agrees, to and with the CITY, that it shall and will in good and workmanlike manner, furnish all the labor and material for **PROJECT #1206, AIRPORT INDUSTRIAL PARK UTILITY EXTENSIONS** as set out in the plans and specifications.

Such work to be under the direction and to the satisfaction of the City Engineer, and in accordance with the plans and specifications, which are a part of this contract. The work to be commenced not later than 10 days after the execution of this contract; to progress regularly and uninterruptedly after it shall have been begun excepting as shall otherwise be ordered by the City Council of the City of Moline (hereinafter referred to as the “City Council”), or its authorized representative, and shall be finished and fully completed within the timeframe set forth in the specifications; the time of commencement, rate of progress and time of completion being essential conditions of this contract; PROVIDED, however that if the time of the performance of the contract herein be for any reason either expressly or by implication extended, such extension shall not affect the validity of this contract.

The Contractor further agrees that the unit prices submitted are for the purpose of obtaining a gross sum, and for use in computing the value of extras and deductions; that if there is a discrepancy between the gross sum bid and that resulting from the summation of the quantities multiplied by their

respective unit prices, the latter shall apply. When this contract shall be wholly carried out and completed on the part of the Contractor, and when said work has been accepted by the City, a sum of money shall be computed by multiplying the following unit prices by the quantity of items completed, it being understood that the following total sum of money listed is for the purpose of determining the amount of the performance, labor, material and maintenance bond only. Such payment shall be made as provided for in the said specifications.

This Contract calls for the construction of a “public work” within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. (“the Act”). The Act requires contractors, subcontractors, and truckers to pay laborers, workers, and mechanics performing services on public works projects not less than the “prevailing rate of wages” (hourly cash wages plus fringe benefits) in the county where the work is performed. The prevailing wage rates for projects for the City of Moline required by Moline Special Ordinance 4023-2015 are updated monthly by the Illinois Department of Labor and may be found at:

http://www.illinois.gov/idol/Laws-Rules/CONMED/rates/2015/june/ROCK_ISL.htm.

All contractors, subcontractors, and truckers rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage, notice and record keeping duties. All contractors, subcontractors, and truckers shall keep an accurate record showing the names and occupations of all laborers, workers, and mechanics employed by them on this contract, and also showing the actual hourly wages paid to each of such persons and shall preserve their weekly payroll records for a period of three (3) years from the date of completion of the contract. Weekly certified payrolls shall be sent to the City Engineer.

For further information, please refer to the Illinois Department of Labor’s website at:
<http://www.state.il.us/agency/idol>.

It is further provided that the CONTRACTOR shall upon the sealing of this contract, file with the CITY a good and sufficient bond in the penal sum of **TWO MILLION SIX HUNDRED**

TWENTY THREE THOUSAND FIVE HUNDRED THIRTY EIGHT AND 95/100

(\$2,623,538.95) DOLLARS conditioned upon the faithful performance and execution of the work covered by this contract according to the complete and detailed specifications and full and complete drawings, profiles and models therefore, and according to the terms and conditions of this contract, and conditioned also that the CONTRACTOR shall pay all debts incurred by said CONTRACTOR in the prosecution of such work, including those for labor and materials furnished. The CONTRACTOR further agrees to pay liquidated damages as set forth in the specifications for failure to complete the Project by the date specified.

IN WITNESS WHEREOF, the said Parties have executed these presents on the date above mentioned.

THIS AGREEMENT, made and concluded this _____ day of _____, A.D., 2015, between **MILLER TRUCKING & EXCAVATING, INC.** of **3303 JOHN DEERE ROAD, SILVIS, IL 61282**, hereinafter referred to as the “CONTRACTOR,” and the CITY OF MOLINE, ILLINOIS, hereinafter referred to as the “CITY;”

WITNESSETH, that the CONTRACTOR for and in consideration of the payments to be made to it by the CITY in the amount of **SIXTY NINE THOUSAND FIVE HUNDRED FIVE AND 00/100 (\$69,505.00) DOLLARS**, hereby covenants and agrees, to and with the CITY, that it shall and will in good and workmanlike manner, furnish all the labor and material for **PROJECT #1232, WASHBURN BUILDING DEMOLITION** as set out in the plans and specifications.

Such work to be under the direction and to the satisfaction of the City Engineer, and in accordance with the plans and specifications, which are a part of this contract. The work to be commenced not later than 10 days after the execution of this contract; to progress regularly and uninterruptedly after it shall have been begun excepting as shall otherwise be ordered by the City Council of the City of Moline (hereinafter referred to as the “City Council”), or its authorized representative, and shall be finished and fully completed within the timeframe set forth in the specifications; the time of commencement, rate of progress and time of completion being essential conditions of this contract; PROVIDED, however that if the time of the performance of the contract herein be for any reason either expressly or by implication extended, such extension shall not affect the validity of this contract.

The Contractor further agrees that the unit prices submitted are for the purpose of obtaining a gross sum, and for use in computing the value of extras and deductions; that if there is a discrepancy between the gross sum bid and that resulting from the summation of the quantities multiplied by their respective unit prices, the latter shall apply. When this contract shall be wholly carried out and

completed on the part of the Contractor, and when said work has been accepted by the City, a sum of money shall be computed by multiplying the following unit prices by the quantity of items completed, it being understood that the following total sum of money listed is for the purpose of determining the amount of the performance, labor, material and maintenance bond only. Such payment shall be made as provided for in the said specifications.

This Contract calls for the construction of a “public work” within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. (“the Act”). The Act requires contractors, subcontractors, and truckers to pay laborers, workers, and mechanics performing services on public works projects not less than the “prevailing rate of wages” (hourly cash wages plus fringe benefits) in the county where the work is performed. The prevailing wage rates for projects for the City of Moline required by Moline Special Ordinance 4023-2015 are updated monthly by the Illinois Department of Labor and may be found at:

http://www.illinois.gov/idol/Laws-Rules/CONMED/rates/2015/june/ROCK_ISL.htm.

All contractors, subcontractors, and truckers rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage, notice and record keeping duties. All contractors, subcontractors, and truckers shall keep an accurate record showing the names and occupations of all laborers, workers, and mechanics employed by them on this contract, and also showing the actual hourly wages paid to each of such persons and shall preserve their weekly payroll records for a period of three (3) years from the date of completion of the contract. Weekly certified payrolls shall be sent to the City Engineer.

For further information, please refer to the Illinois Department of Labor’s website at:

It is further provided that the CONTRACTOR shall upon the sealing of this contract, file with the CITY a good and sufficient bond in the penal sum of **SIXTY NINE THOUSAND FIVE HUNDRED FIVE AND 00/100 (\$69,505.00) DOLLARS** conditioned upon the faithful performance

and execution of the work covered by this contract according to the complete and detailed specifications and full and complete drawings, profiles and models therefore, and according to the terms and conditions of this contract, and conditioned also that the CONTRACTOR shall pay all debts incurred by said CONTRACTOR in the prosecution of such work, including those for labor and materials furnished. The CONTRACTOR further agrees to pay liquidated damages as set forth in the specifications for failure to complete the Project by the date specified.
