2. Request to reconsider placement of the Handicap Parking Space located in Parking Lot I at 6th Avenue & 13th Street.

Explanation: Resident has requested that the Handicap Parking Space, located in Parking Lot I, be moved to the southernmost end of the lot. They stated that during winters, the City plows push the snow to the end of the lot where the sign is currently located making it difficult for handicap patrons of businesses nearby to park.

3. Request to make the left lane a left turn only lane, westbound, at 1st Street & 19th Avenue.

Explanation: Resident has requested that the City turn the left turn lane into a left turn only lane, westbound, at 1st Street & 19th Avenue. They believe that this will help the confusion and deplete the hazard they feel is present at this intersection for cars in the right lane.

4. Request for removal of two-hour parking signs one block east on 5th Avenue at the intersection of 19th Street.

Explanation: Resident described the need for long term parking for employees who work in the area. The resident doesn't see the need for two-hour parking in said location.

5. Request for a no parking sign at the intersection of 16th Avenue & 54th Street Court.

Explanation: The Fire Department recently had a fire call in the area of 16th Avenue & 54th Street Court. With a car parked on the south side of the intersection, the fire apparatus had a difficult time making the turn down 54th Street Court. They have requested a no parking sign at the intersection of 16th Avenue & 54th Street Court that would prevent any future issues.
