3. Request to place two no parking signs in the residential area between 15<sup>th</sup> Street A and 10<sup>th</sup> and 11<sup>th</sup> Avenue.
4. Request to place no parking on the north side of 16<sup>th</sup> Avenue at 3<sup>rd</sup> Street before the stop sign.
5. Other.

1. Approval of minutes of the Traffic Engineering Committee Meeting of July 3, 2012.

---

2. Request to place a stop or yield sign on 20<sup>th</sup> Avenue at the northeast corner of 20<sup>th</sup> Avenue and 18<sup>th</sup> Street C.

**Explanation:** A stop sign is located at the southwest corner of the intersection of 18<sup>th</sup> Street C and 20<sup>th</sup> Avenue. Request to place a yield or stop sign on 20<sup>th</sup> Avenue at the northeast corner of 20<sup>th</sup> Avenue and 18<sup>th</sup> Street C. Drawing attached for reference.

---

3. Request to place two no parking signs in the residential area between 15<sup>th</sup> Street A and 10<sup>th</sup> and 11<sup>th</sup> Avenue.

**Explanation:** Request to place no parking signs due to an overflow of parking onto 15<sup>th</sup> Street A. When cars are parked in this area, it creates difficulty for others because there is not enough room to navigate and is dangerous during winter conditions.

---

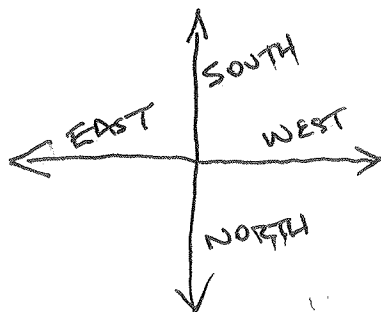

4. Request to place no parking on the north side of 16<sup>th</sup> Avenue and 3<sup>rd</sup> Street before the stop sign.

**Explanation:** When cars are parked on the north side of 16<sup>th</sup> Avenue it creates a line of sight problem for traffic turning east onto 16<sup>th</sup> Avenue.
