2. Request for a residential handicap parking space at 1811 15<sup>th</sup> Street.

**Explanation:** The resident at 1811 15<sup>th</sup> Street previously requested a handicap parking space at the November 1, 2011, meeting. The Committee denied the request because the resident only intended to use the spot for pick up and drop off purposes. Requests for handicap spaces generally are not approved unless the space will be used for full time parking of a privately-owned handicap accessible vehicle and parking the vehicle on private property is not feasible. The family is bringing the request back to the Committee since they have purchased a handicap accessible van.
